Workmen Monday began installing new aluminum windows at Randall County Court House--a major improvement. From left are Len Bussey, Jean Haffner and Tom McEwan, all employees of J.C. Page Construction Company of Amarillo.

## Randall Court House Getting New Windows

Work began this week on installation of some \$31,000 worth of new aluminum windows at Randall County Court House here.

Making the installation is the J.C. Page Construction Com-

pany of Amarillo. Page said the old windows are being removed and new windows installed. He said 144 windows will be required to complete the project.

About three months will be needed for completion.

Installation of the new windows is a part of a project to improve the court house which has been going on for more than a decade and is expected to continue for some time.

Court house officials say the new windows are designed to keep out dust. County Auditor

Elma Cummings said they will cut down appreciably on the heating cost in the winter.

This is the first major improvement since the county spent about \$6,000 on air conditioning back in 1959. The same year about \$1300 was spent installing acoustic tile in the district court room.

About \$1600 was spent on new chairs for the jury box and a chair for the district judge was purchased for about \$200.

Since 1953 about \$50,000 has been spent for furniture and equipment for the court house.

(See Randall, page 2)

## Barry Says Six GOP Candidates Will Win

Desmond Barry, Republican candidate for congressman at large, said his platform is a "return to constitutional government."

"The constitution is no more out-dated than the Ten Commandments," the fiery trucker from Houston who defied Teamster Boss Jimmy Hoffa told a group of Canyon people.

Barry said he is not so much interested in passing new laws as he is in repealing some already on the books.

"I want to correct what I see as an area of inequity by returning to the constitution," he declared.

Barry said that if he is sent to Washington by all the people of the state he will in effect be a "third Senator" from Texas.

Barry said he feels a great ground swell for conservative government as he travels across the state.

He predicted that Kennedy will not be re-elected in 1964. "He has even been repudiated by

members of his own party," the candidate declared.

Barry said he is confident that the people of Texas will send from four to six republican candidates to Congress this

(See Barry, page 2)

## City Says Building Is Booming

Permits for \$131,025 worth of construction were issued by the city of Canyon in July.

This information came this week from Bill York, city manager.

Permits for six residential structures came to \$77,700. There was a permit for one \$35,000 apartment building, an addition to Dr. Joe Markham's

veterinarian clinic came to \$9,000 and five permits for alterations came to \$9,325.

# Rains Brighten Crop Prospects For County

## June, July Moisture Tops Decade Mark

Randall County farmers were smiling this week as general rains brightened row crop prospects and put wheat land into prime shape.

County Agent John Brazzil said rains now have been general across the county.

Fishermen have been doing well at Buffalo Lake this week as fresh water flowing into the reservoir encouraged fish to bite there.

Al Bonner, concession manager at the lake, said water was flowing into Buffalo Lake in a 25-foot stream Tuesday afternoon. There was rain along the water shed again Tuesday night.

Bonner said several cars became stuck in mud at the lake over the week end as a result of heavy rainfall. Water level of the lake has risen considerably during the past few days, he reported.

Dr. M.B. Measamer at West Texas State College reported 2.92 inches of rain from Friday through Tuesday night. Total rainfall for the month of July was 5.50 inches.

Dr. Measamer said the first five months of the year was about the driest and the past two months the wettest since he began representing in Canyon for the Weather Bureau.

He said 8.90 inches of moisture was measured in June. Only 2.96 inches fell from Jan. 1 through May. This brings the total for the year through July to 17.15 inches, only a few inches away from the annual average. The wettest month in that period was June 1951 when there was 11.72 inches.

Fall has been even heavier in places. Ed Bourn who farms a mile south of Ralph Switch said he measured 9.8 inches from Friday through Monday.

Heavy rains sent water rambling through Palo Duro Canyon Sunday night stranding several campers. It was the second time for this to happen within a week.

Water came roaring down out of Little Sunday Canyon Sunday night unburdening itself of tons of silt at crossings two, three, four and five on Palo Duro Creek which runs through the floor of the canyon proper.

Park Attendant Neal King said 32 automobiles were stranded by the silt which covered the crossings. He said 30 were be-

(See Rains, page 2)

## Proclamation

WHEREAS, Randall County and Canyon have an historical background rich in western tradition and,

WHEREAS, once a year people of this area gather together to celebrate and commemorate the occasion and,

WHEREAS, entertainment including a parade, rodeo, fiddlers contest, western style barbecue, pancake supper, and other activities will be enjoyed by all and,

WHEREAS, everyone is cordially invited to attend and participate in the celebration,

NOW, THEREFORE, I, Delbert E. Lowes, Mayor of the City of Canyon, do hereby proclaim August 2nd, 3rd, and 4th as

WESTERN DAYS

in the City of Canyon and do invite everyone to wear western clothes and really enjoy the Randall County Rodeo and Old Settlers Reunion.

Signed this 27th day of July, 1962.

Delbert E. Lowes,

Mayor

ATTEST: Dana McDowell

City Clerk

## School Opening Slated Aug. 31

August 31 will be the first day of school.

This information came this week from J.E. Miller, high school principal.

First faculty meeting will be held Aug. 27. High School and junior high school students will enroll Aug. 28 and 29.

The following Monday will be labor day and classes will be resumed Tuesday of that week.

Seniors will have pictures made for the annual Aug. 16 and 17 and should report to the high school auditorium. Letters will be sent to seniors telling them which day they are to report.

Football practice starts Aug. 20.

## THREEDAYS OF FUN AND FIDDLING

# Roundup Begins Today

Today can be considered by some folks as a dress rehearsal for Canyon's Diamond Year Celebration to be held in 1964, but for the Old Settlers, cowboys and Canyon dudes it is the beginning of the 3rd Annual Randall County Roundup and Old Settlers Reunion.

Canyon takes on the Old West atmosphere today due to a proclamation by Mayor Delbert Lowes that Thursday, Friday and Saturday are Western Days. Each person is required to wear at least three articles of western gear or they will be thrown into the jail erected on the

Courthouse lawn.

The official roundup parade will begin this afternoon (Thursday) at 4 p.m. The parade will begin at First Avenue and Seventeenth and go west on Second Avenue to Sixteenth Street. From Sixteenth Street the parade will go to Fourth Avenue and around the Square, back down Fourth Ave. to Twenty-third Ave.

Leading off the parade will be Randall County Sheriff Slim Johnson, followed by several area riding clubs. Also included in the parade will be an antique car club, fire trucks, a truck with the Little League and Babe Ruth League players and a miniature Santa Fe freight train.

The miniature train, which was built in 1926, consists of a

locomotive, a livestock car, a refrigerator car, coal car, tanker and caboose.

There are open places in the parade for anyone wishing to ride in it.

Immediately following the parade a barbecue will be held on the east side of the square. Members of the Lions Club and Rotary Club are challenging each other on the sale of barbecue tickets. The club which sells the least tickets will be in charge of serving tables and cleaning up after the barbecue supper.

The rodeo will begin each

(See Roundup, page 2)

## Services For Mrs. Kunze Wednesday

Funeral services for Mrs. W.C. Kunze, former Canyon resident, were held Wednesday at 3 p.m. in Madisonville, Texas.

Mrs. Kunze was the wife of the late Rev. W.C. Kunze who was pastor of the First Presbyterian Church in Canyon for several years. Mr. Kunze died in 1932.

Mrs. Kunze died Tuesday as a result of a car accident last Saturday. She had lived in Madisonville since 1959.

Mrs. Kunze had lived in Canyon around 1928.

## June Storm Loss Told

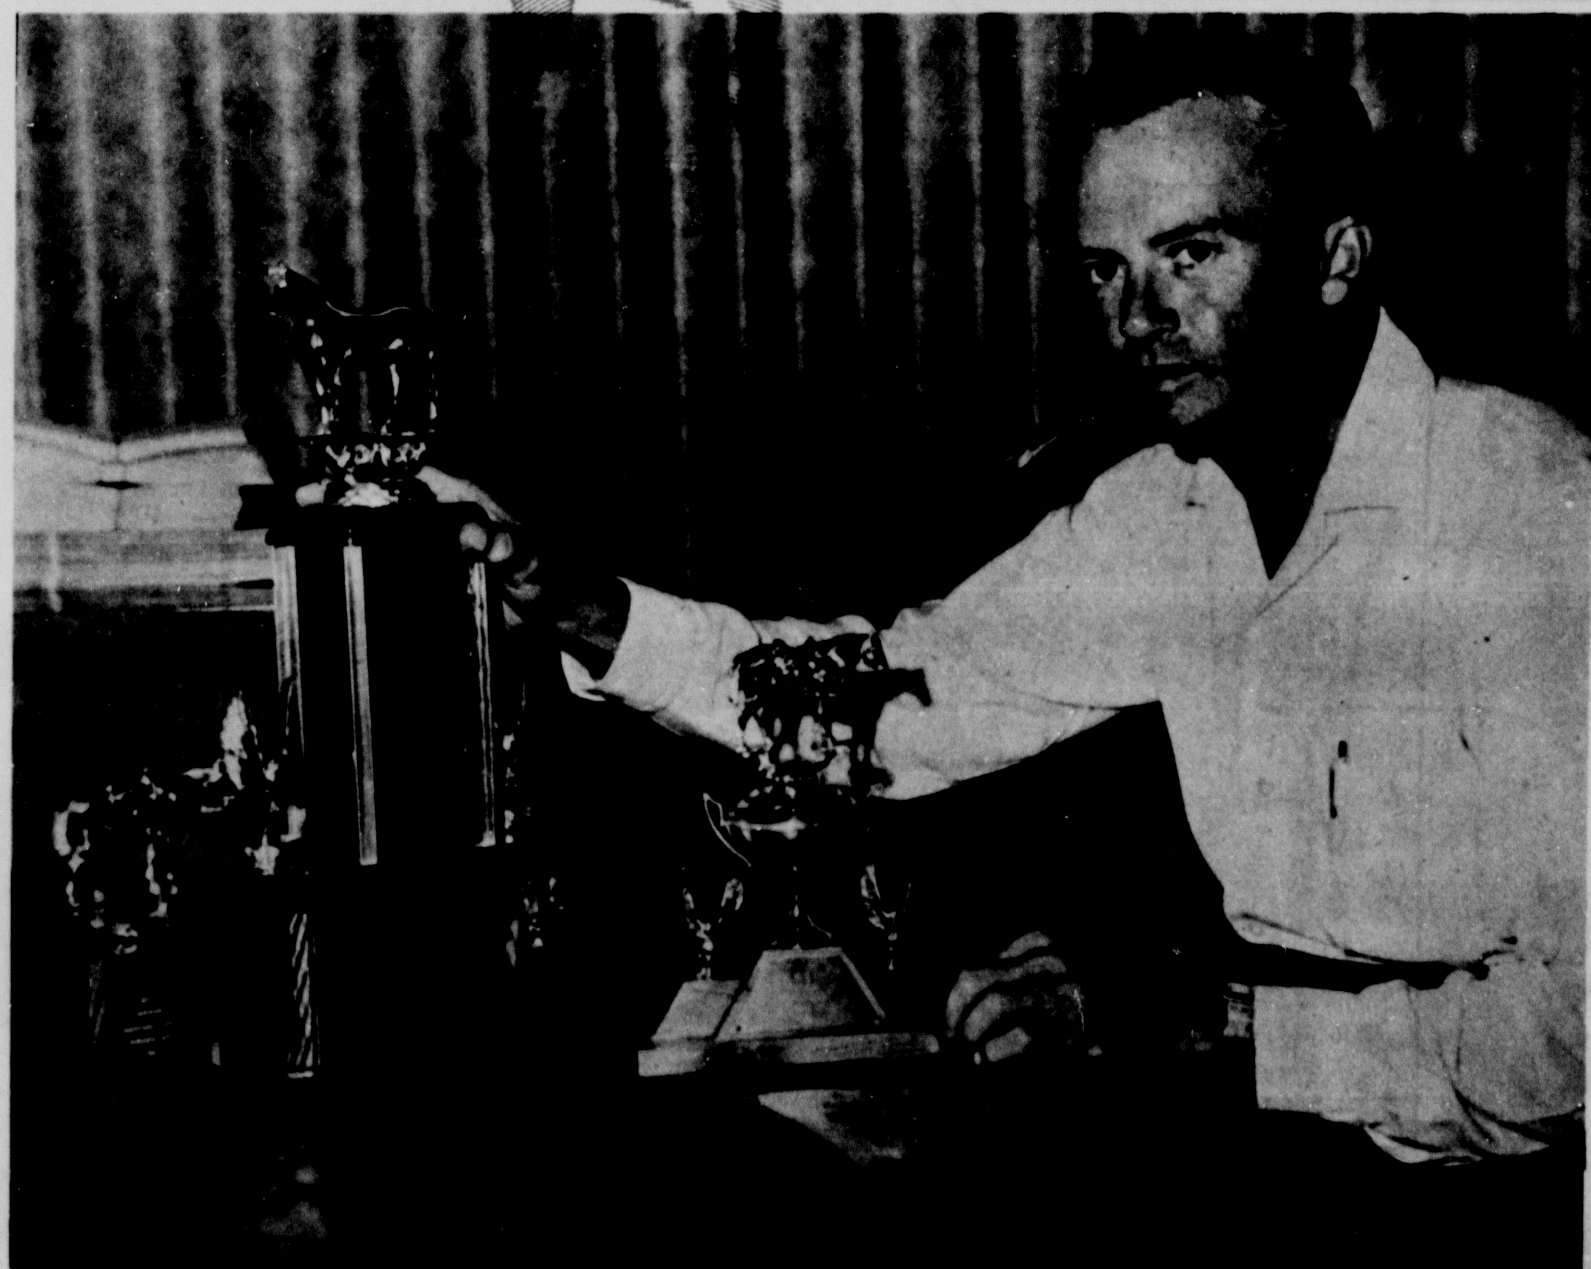

More than 1400 insurance claims have been turned in for a total of between \$300,000 and \$350,000 for damages done by the June 14 storm here.

Lee Warren, in charge of General Adjustment Bureau's offices here, said the offices will close this week. He said only a few claims remain unsettled for various reasons and these will be turned over to the firm's Amarillo branch.

The bureau has employed nine adjusters and two secretaries here since the storm.

At peak there were about 15 adjusters in town representing various companies.

Warren complimented the people of Canyon for their fairness and congeniality.

R.B. Allen, a Randall County Sheriff's Posse member, examines the three trophies to be given to the riding clubs that participate in the parade Thursday afternoon in Canyon. The large trophy will be given to the first place winner and it was donated by the Canyon American Legion Post. The smaller

trophies will go to second and third place winners. They were given by the Randall County Sheriff's Posse. The parade begins this afternoon at 4 p.m. and a barbecue served on the east side of the square will follow the parade.

# Welcome Old Settlers

Rains...

(Continued from page 1)

low Crossing No. 5, one between Crossings 4 and 5 and between 2 and 3.

There was never any danger from high water Sunday night, according to King.

King was notified that the crossings were blocked when he received a radio message from Park Attendant Bob Watson who lives below Crossing No. 5.

A park maintainer cleared the crossings shortly after King was notified.

Seventy-one campers were stranded a week ago Monday night after a flash flood in the watershed area sent Palo Duro Creek on a rampage.

Lightning has knocked out a few electrical appliances and caused a little trouble with power lines. A few isolated cases of trouble from lightning has been reported by the telephone company.

Impact on crop prospects has been the most noticeable result of the general rains.

Some of the farmers north of Happy has received up to 10 inches of rain over the past week end. Farmers report heavy run-off in these areas and the lakes are brimming full but the fields are wet and the irrigation wells are getting a rest.

Early grain sorghum now in the head to boot stage could just about finish on this moisture. Late planted grain sorghum and a sizable acreage of forage feed will probably need another drink in mid-August.

All ranges and pastures are primary benefactors of this moisture. Since early June when the rains came they have seldom been better. An unusually

heavy calf crop is expected to be weaned this fall. The calves should average several pounds heavier than usual. Farmers are already eyeing the fall cattle market. Wheat pasture is but a shower away.

The large amount of fallowed land should be in top shape for fall planting. Even light moisture in late August would put wheat off to a good start and increase the present demand for pasture cattle. Most farmers will not wait to buy light calves if they can be found because they have sufficient pasture reserves to carry the calves, according to the county agent.

Some hail damage has been reported. Leaves on the grain sorghum have been shredded in a few places and cotton has been bruised up also. The areas receiving hail is not thought to be big at this time.

"The timing of this rain has been about perfect," said Brazzil. "There is no crop at this time needing harvesting and most of our summer planted crops were ready for the abundant moisture."

Visiting in the Carl W. Smith home last week were their children, Carl J., of Portales, N.M., Alvin and children, Hereford, Bennie and family of Kansas City. Bennie moved to Kansas City only recently and will be working there with the American Telephone and Telegraph Company.

...

Mrs. Winnie Sharman of Dumas and a sister, Mrs. Byrdia McMeans of Dalhart visited in the Carl Smith home last Friday. They are cousins of Mrs. Smith.

Barry...

(Continued from page 1)

fall.

"The people of Texas have lost confidence in the administration," he continued. "Texans are sick of what has been going on and they want freedom."

He also declared that Jack Cox is out in front in the gubernatorial race and "is going to win."

Barry stopped off in Canyon for a press conference at The Canyon News. He made a talk to a group at Heath & Lawless Oliver Company here and then went on to Amarillo.

He will be honored at a reception Thursday morning from 10 o'clock until 11:30 at the Women's Federated Club House in Amarillo and then wind up his tour of the Panhandle with a talk to the South Amarillo Rotary Club at noon Friday.

Barber's Hit 14-4 Victory

The Buffalo Barbers romped to a 14-4 victory over Bellahs last Thursday night in the men's softball league play.

Winning pitcher was Pat Stephens and losing pitcher was Steinberg.

The Barbers had 14 runs on 14 hits and 4 errors while Bellahs had 4 runs on 3 hits and 5 errors.

Webb Tells Lions About WT \$ Plan

Henry Webb, a May graduate of West Texas State College, spoke to the Lions Club Wednesday about the WT Opportunity Plan.

Webb and Mimi Thedford were on the Opportunity Plan last year and they gave a brief summary of its function.

Over 100 students participated in the program last year and approximately 150 are expected to enroll in it this fall.

Figures shown by Webb show that \$163,145.75 has been loaned to students this year and \$87,556.96 has been repaid this year.

In grand total figures the Opportunity Plan, Inc. has loaned \$355,870.91 and \$233,260.55 has been repaid.

Randall...

(Continued from page 1)

The jail annex, which houses the sheriff's office, jury dormitories, jail, JP office and commissioners court room, was built in 1956 for approximately \$155,000.

Cummings said \$1200 has been spent on furniture for the court house annex in Amarillo since the first of the year and \$19,000 on an addition to the building there.

There is talk of more improvement to come for the county's facilities. New elevators to cost approximately \$12,000 are being mulled over by commissioners court.

Also under study is the possibility of converting the fourth story of the court house proper to office space. It currently is being used for storage. It was used as a jury dormitory before construction of the jail annex.

WT Has Two New Teachers

Two new instructors have been appointed for the 1962-63 session at West Texas State College, according to President James P. Cornette. They will assume duties when the fall semester opens Sept. 15.

They are Norman L. Crockett, instructor in history, and Faith Helen Faust, instructor in art.

Crockett, who is married and has three children, has been working toward his Ph.D. at the University of Missouri. He

NORMAN CROCKETT

Martha and Greg Holman of Hereford spent Tuesday in the home of Mr. and Mrs. A.C. Langdon. Their mother, Mrs. James Holman and aunt, Mrs. Leslie Holman, went to Amarillo. They stopped on the way back to Hereford for a visit with Mrs. Langdon.

Lions Lose Contest To Rotarians

Members of Canyon Lions Club will be serving at the annual barbeque this afternoon.

Having lost a ticket selling contest to the Rotary Club the Lions will don white aprons and caps and go on the serving line.

Mr. and Mrs. Arvin Triplett, Don and Richard, returned home Friday from a week of vacationing and visiting relatives in Colorado.

Last Rites Held For Mrs. Cole

Funeral services for Mrs. Ethel Ann Hawkins Cole, 73, were held at 3 p.m. Monday in the First Baptist Church in Canyon.

Burial followed in the Dreamland Cemetery with Dr. Strauss Atkinson, pastor of The First Baptist Church, officiating. La Grone Funeral Chapel arranged the services.

Mrs. Cole died at 8:45 p.m. in Neblett Hospital Saturday, July 28.

She was born August 7, 1888, in Jolly, Texas and married Guy C. Cole May 28, 1905 in Oklahoma.

They moved to Canyon in 1929 and she lived at 1903 3rd Ave., at the time of her death.

Mrs. Cole was a member of The First Baptist Church, the Women's Missionary Society, Lois Sunday School Class and the Ladies Auxiliary of the Veterans of Foreign Wars.

She is survived by her husband, two sons, J.W. (Bill) Cole of Abilene, and Cleatus H. Cole of Fort Worth; one daughter, Mrs. Floyd R. Dunsworth of Wichita Falls; three brothers, John C. Hawkins of Verden, Oklahoma, Homer W. Hawkins of Sweetwater, and Herman C. Hawkins of Ringold; two sisters, Mrs. Ada Murphy of Lubbock and Mrs. M. S. King of Fort Worth; three grandsons, Arlet and David Dunsworth and Don Cole of Memphis, Tenn.

Pallbearers were John Hammond, R.A. Hodges, Albert Byars, Ray Metcalf, J.T. Graham and C.V. Conatser.

Roundup...

(Continued from page 1)

evening at 8 p.m. and will feature seven events. Rodeo riders will have an opportunity to enter the calf roping, bareback bronc riding, saddle bronc, bulldogging or bull riding.

Girls will be able to participate in the rodeo events by entering the girls' barrel racing. Any 12-year-olds or under are eligible for the calf scramble contest.

In order to win in the calf scramble event youngsters must secure the ribbon which will be tied to a calf's tail. Winners in the contest will receive \$6, \$1 and a pair of levis, and \$1 and a H-C shirt. Fourth and fifth place winners will receive \$1 each.

Door prizes will be given each night at the rodeo. The prize for the first night will be a Stetson Hat from Warren's Department Store, 2nd night prize will be a pair of Justin Boots from Jennings Men Store, and a Stevens Hat from Jennings Men Store will be given the third night.

Tickets for entrance to the rodeo are \$1.50 for adults and 75 cents for children. Stock for the rodeo will be furnished by Ratjen Brothers of Fort Worth and Happy, and Speck Lunceford of Fort Worth is announcer.

Old settlers activities will begin Saturday morning with an

Old Fiddlers Jamboree. The jamboree will start at 9:30 a.m. and last until 2 p.m. At 2 p.m. a Fiddlers Contest will be staged on the Courthouse lawn.

There will be three divisions of the Fiddlers Contest; under 65 years old, over 65 and an open division. Prizes in all three classes will be \$50 for first place, \$25 for second and \$15 for third.

The old settlers will have their reunion Saturday afternoon on the court house square. The Randall County Sheriff's Posse will provide free transportation to and from the reunion. If you need a ride to the square call OL5-2573.

A beef drawing will be held Saturday afternoon with the winner announced and a Pancake supper will be served that evening at the American Legion Hall.

The Kiwanis Club and Jaycees are challenging each other on the sale of tickets for the pancake supper. The club losing this sale will cook and serve the pancakes at the supper Saturday night.

Tickets for the barbeque Thursday evening are \$1.50 per plate and pancake tickets are 75 cents per plate. Any old settlers who have registered will get into the pancake supper free of charge.

# Canyon Residents Vacation Across Continent And Ocean

Mrs. J.L. Gilmore and her daughter, Mrs. Jack Taylor look through a guide book from the Tower of London, seen on their recent trip to Europe. The ladies flew to England where they went sightseeing for three days before going to Holland by boat to join a tour of Germany, Austria, Switzerland, Italy and France before returning to Canyon.

## News, Features For The Women

by Jean Harper

### Around The Town

The Earl Reynolds family and the Bob Hall family are home from a weeks trip that was termed a success by all participants. The two families went to a spot just north of Colorado Springs where they camped out for five days. Following that the Reynolds family went on to Lamar, Colo. to visit Ray's brother, while the Hall's went to Red River and joined the Emil Olson's and the Alfred Daniles from Canyon. The Red River group remained there through the weekend.

June and Pat White, former college roommates of Peggy and Keith Jones, were here last weekend from Oklahoma City visiting the Jones and re-living "the good old days".

Edna and John Shipley will be leaving next month while John is on a year's leave of absence from W.T. to study for his doctor's degree in Agricultural Economy at Texas A & M.

Wilda and Dale Killingsworth and their children report that they have made the longest water haul in their family history. They arrived in Dallas last Thursday to see Six Flags over Texas only to have a downpour keep them away that day. Friday had been left open all day to give them time to enjoy Six Flags completely, but a small dam broke with the torrential rains, and forced the closing of the Park.

With that, they returned to

Canyon stopping for visits with relatives in Wichita Falls, and Randlett, Okla.

Merridith and Jerry Warren report that they now need a vacation to recuperate from the one just completed. The family went to Bessamer, Alabama to visit Jerry's sister, Mrs. George Bourns and her family, including a year old baby daughter that had been adopted by the Bourns at age three weeks, and never seen by the Warrens. Merridith and Jerry report that the amount of activity transpiring in the "Old South" where help is available, is staggering to those who are accustomed to saving energy for washing, ironing and cleaning. Jerry reports that they were invited to parties every evening, and get-togethers at the drop of a hat during the day.

Mrs. John Williams and Mrs. Floyd Tomlinson who accompanied travelled to the World's Fair on the tour conducted by Ples Harper, report that they had a wonderful time, and saw many beautiful sights. However, they confess that one of the loveliest sights to meet their eyes, was Canyon as they drove in on Tuesday evening.

Two new members of the ROTC Dept. at W.T. have moved into Canyon. They are Capt. and Mrs. Cook, and their three children, and Capt. and Mrs. Greg Dorrough, and their four children. Capt. Dorrough is from Amarillo, and graduated from W.T. with a R.A. commission.

A card from the A.K. Goodmans report that the weather and sights of the World's Fair are perfect, and that they went to the island of Vancouver also.

The Rev. and Mrs. John Lars Hamerson and Nia, will leave on August 6 for a two weeks vacation most of which will be spent in Colorado, where daughter Ann is already visiting. En route home they will visit in Taos and Santa Fe before returning to Canyon on or about August 24.

This writer will take her vacation for the next two editions but any news sent to our guest editor will be greatly appreciated. Please continue to keep the paper informed of your activities as they are news and news is our business.

Mr. and Mrs. Hamil Wilson and children, Wayne, Joyce and Warren of Pampa are spending the week with their parents, Mr. and Mrs. P.M. Wilson, and their sister and brother-in-law, Mr. and Mrs. C.E. Clark.

Miss Ruth Cross and Mrs. Oma Ford are concluding a two weeks vacation in Colorado on Friday and will be returning to Canyon.

### Youths Attend Meet

Six members of the Methodist Youth Fellowship attended the Amarillo District Methodist Youth Fellowship picnic Sunday at Thompson Park in Amarillo.

Those attending from Canyon were Joyce and Mary Nightingale, Wallace Busteed, Elo Myers, Maggie Stevens and Linda Bagwell. Sponsors for the event were Mr. and Mrs. Keith Jones of Canyon.

### Band Meeting Slated

A Canyon High School band meeting will be held at 7:30 p.m. Monday, August 6, in the high school band room. Lee Boyd Montgomery, band director, announced.

The meeting and practice will last until around 9:30 p.m. Montgomery added.

### Spencer Has Birthday

J.W. Spencer of Canyon was honored on the occasion of his birthday this past week with visits from his four children and their families. Present were Jim Spencer Jr., and his family of Odessa; Mrs. Jack Nunley of Hereford; Mrs. Erwin Meyer and Mrs. Aaron Cummins of Canyon.

Mr. Spencer has returned from a 34 day vacation trip that covered over 8,500 miles.

Mrs. Bernard Warren, left, and Mrs. Jay Wooten re-live memories of their trip to the World's Fair at Seattle last month. The Warren and Wooten families left Canyon caravan style for a two week's trip that included visits to Yellowstone Park and a boat trip into Canada. Returning home the group came by Salt Lake City, Utah for a look at Mormon Temple and the Great Salt Lake.

## United Church Women Hold Annual Meeting

Annual business meeting of the United Church Women will be held at 2:30 o'clock Friday afternoon in the Christian-Presbyterian Student Center.

A book entitled "A Small Woman", will be reviewed by Mrs. Craig Johnson.

Mrs. L.H. Brotherton, president, will preside over the business meeting. Offering will go

## BandCamp Personnel Are Entertained

Mrs. Rowie Durden entertained with a coffee in her home at 511 Holman Lane for wives of the members of the Music Dept. faculty, and for wives of the visiting band camp personnel, on Thursday morning, July 26.

The house was decorated throughout with arrangements

to local work of the organization.

A nursery will be open at the Methodist Church.

of cut flowers. The serving table, centered with a floral arrangement, featured a scooped melon shell filled with melon balls.

Approximately two dozen guests called during the morning hours.

Earlier in the week, Mrs. Ted Crager was hostess at a salad luncheon which included the members of the Music Dept. Faculty and wives of the visiting band faculty.

## H.A. Brotherton Host Children During Weekend

Mr. and Mrs. H.A. Brotherton of 1719 2nd Ave., had as guests this past weekend their son, Major H.A. Brotherton Jr., his wife, and children, Ann and Jim. Major Brotherton and his family are en route from the Panama Canal Zone, where they have been stationed with the United States Army, to be assigned to Baltimore, Maryland.

Other guests over the weekend were a daughter, Mrs. Vincent Kunkel of Graham, Tex., and her daughter, Mrs. Mary Helen Mills of San Antonio; Mr. and Mrs. Claud Zevely, Danny and Kent of Panhandle; and Mr. and Mrs. Alva Boren, their son Gary, their daughter and son-in-law, Mr. and Mrs. Reggie Neis, of Petersburg, Texas. Mrs. Zevely and Mrs. Boren are also daughters of the senior Brothertons, making it possible for their parents to have six of their eight children home with them Sunday, including two sons, L.H. Brotherton and Robert B. Brotherton and their families of Canyon.

The Ples Harper family, Ples, John, Margaret and Martha, are shown lunching in the 250 person capacity Eye of the Needle Restaurant, at the Seattle World's Fair. During the hour-long meal, the 600 ft. high dining platform completed a full rotation.

## Miscellaneous Shower Fetes Rema Dell Morten

August 2: Carl Hair, Scott Vaughan, Mrs. A.A. McMillan, A.B. Russell, C.G. Pond Sr., James Paul Stevenson, Mrs. Bobby King, J.L. Grimes, Jerry Wayne Mariner.

August 3: Sherman Higdon, Ervin James Davis, Helen Hoffman, Mrs. Dick Barrett, Mrs. R.R. Gibson, Ronald Prichard, Donald Prichard.

August 4: Mrs. Ray Campbell, E. C. Prichard, Mrs. H. B. Hales, Emil Schaeffer, Clarence Leavitt, O.B. Vaughn, Edwina Cagle, H.H. Shipman.

August 5: James Rigby, Frank Earl Simon, Bill Money, Lucy Schoenberg, Robert Byron Beck, Mrs. Frank G. Harrison, Mrs. Tommie Lair.

August 6: Mrs. Billy Brown, Riley Troth, Mrs. L.A. Black.

August 7: Florence Boehning, Kenneth Caskey, Mrs. C. W. Dunn, Christine Webb, Ricky Lee Bauer.

August 8: Henry Cone, Mrs. J. J. Walker, Wilson Campbell, Lyndall Jean Robinson, Earnest Garrison, Earl J. Davis, Mrs. Jim Bible, John Prichard.

A miscellaneous shower was held on Saturday, July 28 in the home of Mrs. Jo'ach Byrd, honoring Miss Rema Dell Morten, of Cleburne, bride elect of Roy Harris, son of Mr. and Mrs. W.B. Harris of Canyon. The wedding will take place in Cleburne on the last day of August.

Arrangements of summer flowers were used throughout the reception rooms. The serving table was laid with a white grass linen cloth, and appointed with milk glass and crystal.

An arrangement of red and white carnations in a milk glass bowl centered the table, and single candelabra held white candles tied with red ribbons and carnations. Presiding at the serving table were Miss Mayla Atkinson and Mrs. Barbara Graham. Music was provided by Nita Newton and Mary Ann Wheelock.

Hostesses for the shower were: Mesdames A.M. Cunningham, R.D. Killingsworth, Oscar Hinger, L.H. Brotherton, Wesley Cox, B.B. Warren, Crews

Henry, W.I. Wooten, R.P. Jarrett Jr., R.D. Wheelock, J.C. Newton, C.N. Cosby, J.D. Bond, and R.W. Raillard.

Approximately fifty guests called between the hours of 5 to 7 p.m.

## Presbyterians Plan Picnic This Weekend

The annual Presbyterian picnic will be held August 5 at the home of Mr. and Mrs. Robert White.

Members of the church will meet at the First Presbyterian Church at 3:30 p.m. Sunday afternoon and will travel in a group to the Whites which is located on Washington Street Road, south of Camp Don Harrington.

Each family will bring enough food for that particular family and following dinner games and swimming will be enjoyed.

Mrs. Alfred Bellah and granddaughter, D'Lynn, left, and Susan Swatzel, right, look through cards and pictures gathered during her recent trip to the eastern part of the U.S. Mrs. Bellah, her cousin, Mrs. B.L. Harrison of Greenville, Tex. and three other friends from Greenville, travelled northward into Canada to Montreal

and Ontario, and returned down the east coast on the Skyline Drive and Blue Ridge Parkway. Mrs. Bellah noted the increased tourist attractions that feature local history in the area, not unlike what is being planned by the Heritage Foundation for the Panhandle.

Alighting from a bus that took them to the great Northwest are Mrs. John Williams and Mrs. Floyd Tomlinson both of Canyon, and Mrs. Vivian Majors of Hereford. The group, on a tour conducted by Dr. Ples Harper, spent two days

at Banff National Park, in Alberta Province, Canada, and a day at Lake Louise. The chartered bus returned to Canyon on Tuesday evening.

### Beauty Shopping At WTSC

Patti Fawbush, 22, was picked as a late WT Beauty. Patti graduated from West Texas State College in May with a degree in elementary education. She picks as her favorite food spaghetti and swimming as her hobby. Patti is secretary of the Baptist Student Union and she teaches an 11-year-old girls' Sunday

School class at the First Baptist Church. The brightest spot in her immediate future is her wedding August 11. She will marry Henry Webb and they will live in Fort Worth, where she will teach school and he will go to Southwestern Baptist Theological Seminary.

### Three Famous Speakers To Talk At Conference

Two nationally known educators in areas of reading research and a nationally known author of young people's books will appear as speakers on the program for the tenth annual Reading Conference Aug. 14-16 at West Texas State College. They are Dr. Emery P. Bliesmer, associate professor of education and director of the McCuffey Reading Clinic at the University of Virginia; Dr. Helen A. Murphy, professor of education and director of the Educational Clinic at Boston University; and Miss Loula Grace Erdman, professor of English at WT and author of six novels for young people. The conference is annually sponsored by the WT education department and the Texas Association for the Improvement of Reading. Miss Trula Maud Jetton of Lubbock is state president of TAIR, and will preside at the three-day meeting. Each speaker will appear daily on the general programs, and will act as consultants at group meetings each afternoon. The sessions open with registration at 7:30 a.m. Aug. 14, and general assemblies open daily at 8:45 a.m., and will be held in the Student Union Building.

Dr. Bliesmer holds degrees from Iowa State Teachers College and the State University of Iowa. He is a member of the board of directors and yearbook editor of the National Reading Conference. His articles have appeared in such publications as Childhood Education, Elementary School Journal, Journal of Educational Psychology, and Reading Teacher. Dr. Murphy holds her degrees from Boston University. She has taught in the public schools of Massachusetts and taught psychology at Rhode Island College. She is co-author of "Building Word Power". Miss Erdman, who lives in Amarillo, has taught at WT

### Arranger Of Symphonic Drama Here

Isaac Van Grove, well-known composer and arranger, visited in Canyon Wednesday to acquaint himself with the Panhandle area in order to write the script for the Panhandle Heritage Foundation's play to be held next summer.

Van Grove, a resident of Hollywood, California, recently completed a visit with Mr. Paul Green, author of the play. The men were conferring about music for the Palo Duro Canyon show. since 1947. Three of her novels for young people are career books on teaching, including "Separate Star," "Fair Is The Morning," and "My Sky Is Blue". Another book for young people is tentatively entitled "Room to Grow," and is scheduled for publication in October.

### North Randall News

Guests of Dr. and Mrs. Guy Owens at Rim Ranch this week were Mr. and Mrs. DeWitt Ray Jr. and Dee and Becky of Dallas. Mrs. Ray is the daughter of Dr. and Mrs. Owens.

Mr. and Mrs. Robert Detten, Route 2, Amarillo, left Thursday for Ponca City, Oklahoma, where they will spend the week end with their son and family Mr. and Mrs. Dick Detten, Kathleen, Mark, and Mary Myles.

Mr. and Mrs. Tom Detten and family drove to Lubbock, Saturday to visit with Mrs. Detten's sister and family, Mr. and Mrs. Gib Satterwhite. While there the Dettens will be present at the Baptism of the Satterwhite's infant son Michael Christopher, for whom they will be Sponsors. Mike was born July 13, 1962.

Mr. and Mrs. Dyer Bonifield and family returned Tuesday from a trip to Raton, New Mexico to find the rain and hailstorm had played "Havoc" at their home. Their roof, and trees suffered much damage, and the hail ruined two storm doors in their residence.

Last Sunday, July 22 the Evert Johnson family, Bobby Johnson family, and Tom Detten family, spent a very pleasant day in Thompson Park. They enjoyed a picnic and then a refreshing swim in Thompson Park Pool.

Frank Ellis, son of Mr. and Mrs. Bob Ellis of Clarendon, is spending a few days with Roger Johnson, son of the Evert Johnson's. Frank's parents are in Houston on vacation.

Mr. and Mrs. Tony Jones and boys, Kacy and Steve of Plainview, visited Sunday with Mr. and Mrs. Evert Johnson and family. Mrs. Jones is the niece of Mrs. Johnson.

### Hospital Notes

Mrs. C.O. Huber, Amarillo, medical  
Mrs. W.H. Upchurch, Canyon, Medical

### LOANS

We can handle your real estate loans, conventional and FHA.

Fine location — 3 bedroom brick on one of the best streets in town, wood burning fire place, paneled den, 1 1/2 baths, double garage, landscaped and fenced—2000 sq. ft. in living area—\$19,000 is the price and it's an excellent buy.

Good rental property on 2nd Ave. Real nice house for owner or use for rental. Garage apt on rear of lot, the duplex and small house on lot next to above and priced at \$37,500.00.

Nice 3 BR Brick, fenced back yard, 1 bath, newly painted inside, \$13,000.

2 bedroom frame on 1st Ave. Good condition. \$8500.

Beautiful new 3 BR Home near High School. Paneled den and kitchen. 1-3/4 baths. 1570 sq. ft. living area, plus carport and 11x22 basement \$17,500.00. Would take smaller house or city lots in trade.

Park Attendant Edgar Boehm is shown using the Palo Duro State Park maintainer to clear sediment from a Palo Duro

Creek crossing. Several campers were marooned Sunday night when sand and gravel clogged the crossings.

### Randall Grand Jury To Meet

Randall County grand jury convenes next Tuesday.

On the list for grand jury service are J.N. Riggs, Amarillo; Bill Cunningham, Canyon; Earl Marrs, Amarillo; John Jennings, Canyon; J.V. Moore, Canyon; Siegfried Bolte, UMBarger; George Hill, Canyon.

Mr. and Mrs. John Schran of Flagstaff, Ariz., spent last week with her mother, Mrs. W.G. Rose, and her brother Kelly.

James Reagan, Amarillo; Meade Michael, Canyon; C.V. Conatser, Canyon; Chester Szalkowski, Amarillo; and Fred Irlbeck, Canyon.

Miss Dortha Steward of Dawn and a friend were Saturday morning visitors in the Arvin Triplett home.

Mr. and Mrs. Clifford Steward and Buddy of Dawn visited Sunday evening in the Arvin Triplett home.

### Farm Bureau Directors Will Meet Tonight

Randall County Farm Bureau board of directors will hold a regular meeting at 8:30 o'clock tonight in the Farm Bureau building.

Presiding will be R.B. Gist Jr., president.

### Burglars Hit Student Union

Burglars hit the Student Union Building at West Texas State College Tuesday night for an undetermined amount of change from two cigarette machines and a juke box.

Deputy Sheriff Calvin Costley said entry was through an east window.

Investigating are the sheriff's department, city police and the college security officers.

## Here's how Gas heat COOLS your home!

Cooling with a Gas flame combines four simple laws of nature. The ARKLA-SERVEL Sun Valley\* GAS air conditioner employs them to produce the finest air conditioning science has yet devised!

First, BOILING, as in a percolator, moves the liquid refrigerant to the top of the unit in the form of vapor. Secondly, CONDENSATION, as on a glass of cold water, occurs, converting the vapor back to liquid. Next, EVAPORATION provides the chilling effect, just as blowing upon your hand, when wet, makes it feel cool. Last, is the ABSORPTION of the vapor by a salt solution called lithium bromide, in the same manner as table salt absorbs liquids. The liquid then returns to the "percolator" to start the cycle over again.

This is why an ARKLA-SERVEL Sun Valley\* GAS air conditioner has no moving parts to wear out or

break down, and why it 1) has a life expectancy of three-to-four times that of an ordinary air conditioner, 2) does not lose its efficiency with age, 3) operates with a minimum of service or repair, and 4) maintains its low operating cost throughout the life of the unit.

All these reasons add up to LOWEST OWNER-SHIP COST... and make ARKLA-SERVEL Gas air conditioning truly the wisest investment you'll ever make for your home.

CANYON

RALPH SWITCH

You know how important nitrogen is to your small grain. Monsanto Anhydrous Ammonia packs more nitrogen per pound and per dollar than any other type of nitrogen fertilizer. It is guaranteed 82.2% nitrogen.

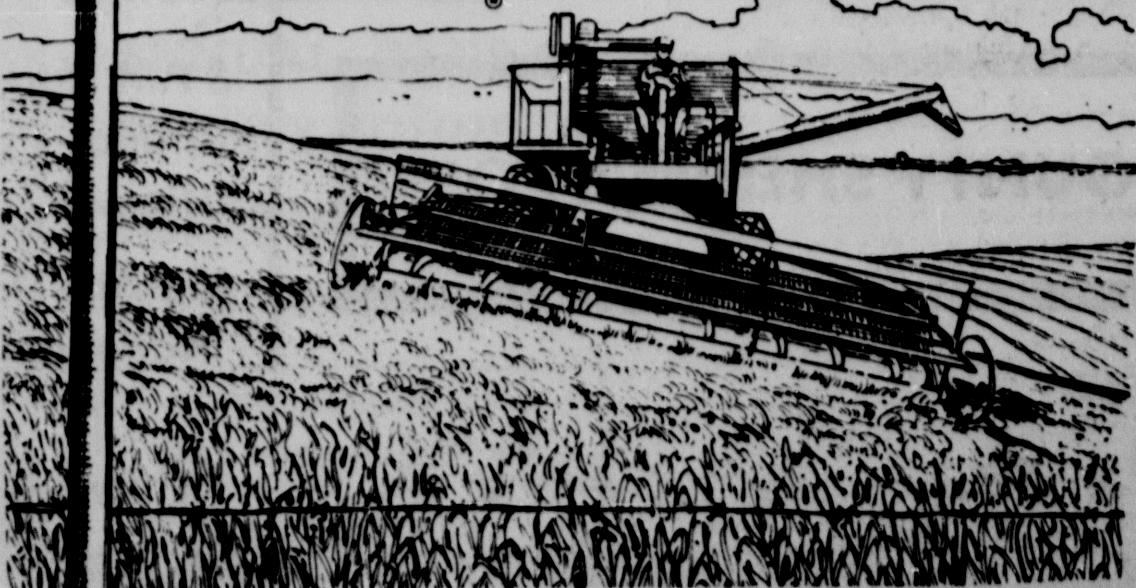

Monsanto Anhydrous Ammonia resists leaching... remains "locked" in the soil, ready to work when your crops need it most... and you put it right in the root zone.

It's easy to apply... saves time and labor. Applicator tanks are quickly filled. No bags to tote, tear or tip. You can apply all you need for the entire growing season in one operation, or you can use it before planting, followed by an early side-dressing of ammonia. Let us help you build your fertilizer program around Monsanto Anhydrous Ammonia.

# Graduating Class Named, Convocation Set Aug. 23

A list of 220 candidates for degrees at West Texas State College's summer convocation, Aug. 23, has been announced by Dr. Walter H. Juniper, dean of the college. A total of 183 received degrees last summer.

WT's largest spring graduation class of 353 was recognized in May, and with the summer graduates, the class of 1962 will number more than 570, one of the largest classes in WT's history.

Successful candidates will receive their diplomas Aug. 23 at 8 p.m. in ceremonies in the Physical Education Building. Speaker will be Dr. Leland E. Traywick, president of Southwest Missouri State College. Graduating students and their families will be honored at a reception Aug. 21 at 8 p.m. at their home by President and Mrs. James P. Cornette.

A total of 75 candidates are seeking masters degrees. Candidates for the Master of Business Administration degree are Charles Banks of Groom, Dwayne Busby of Amarillo, and Don Sheffy of Dimmitt.

Seeking the Master of Arts are Weldon Bright of Amarillo, Diana Cox of Canyon, Clinton Forbes of Borger, Lynn Calvin Foster of Canyon, Henry Jones of Canyon, Ida Lowe of Amarillo, Paul Mathis of Austin, J. Pat Stephens of Post, and Chick White of Amarillo.

Candidates for the Master of Education degree are Billy Adams of Clarendon, Allen Alford of Spearman, Margie Alford of Spearman, Velma Ruth Baker of Perryton, Vivian Ballard of Amarillo, Marion Bateman of Stratford, Dayle Binnion of Odessa, Mildred Birdsong of Farmington, N.M., Mary Brown of Dumas.

Johnny Brumley of Happy, Grady Burnett of Wheeler, Margaret Burnett of Amarillo, Robert L. Busted of Amarillo, Reta Chisum of Stinnett, Billy Clemmons of Gruver, Robert Crooks of Lazbuddie, Jim Lee Davis of Richardson, Rodolfo Flores of La Puente, Calif., Thalys Fulkerson of Tulla, Charlie Galloway of Pleasanton, James Gillen of Amarillo, Jim Greenwood of Stratford, Clayton Henderson of Lubbock, Johnnie Herrington of Borger, Hubert Hill of Claude, Betty Hodges

of Amarillo, Kay Hungate of Amarillo.

Eugene Isaacs of Shamrock, Everette Johnston of Tulla, John Krodell of Amarillo, Eldridge Ledbetter of Amarillo, Dale Logan of Amarillo, Kathryn McBride of Canyon, William McCawley of Fort Stockton, Helen McGill of Amarillo, Homer McLean of Cuero, Teddy Jack Mayfield of Silverton, John Melvin of Hale Center, Verna Millard of Amarillo, Melva Miller of Amarillo, Bobby Montgomery of Stinnett, Ray Murphy of Stinnett, Mary Pence of Amarillo, Carolyn Price of Amarillo, Garland Rattan of Boys Ranch, Owen Robinson of Stinnett.

Betty Risner of Sunray, Felix Ryals of White Deer, Freddie Scott of Stinnett, Donald Seymour of Amarillo, Jay Shaw of Hereford, Bobby Shields of Floydada, Kermit Sorrells of Sudan, Aubrey Spear of Fritch, Macie Spear of Fritch, Gordon Suits of Amarillo, Carla Tankersley of Amarillo, Anita Thurman of Dalhart, Odus Walser of Plains, E.J. Webb of Canyon, Marvell White of Amarillo, and Wynona Whitten of Amarillo.

Seeking the Bachelor of Arts degree are Helen Baker of Dumas, Johnny Beggs of Canyon, Joy Brown of Amarillo, Alveeta Corbitt of Amarillo, Mona Kathleen Hill of Follert, Jeanine Johnson of Canyon, Saul Kaye of Amarillo, Betty Putman of Amarillo, Tooby Riggs of San Angelo, Lewis Bonnell Riley of Canyon, Mary Beth Schroll of Amarillo, Barbara Smith of Floydada, Geraldine Sullivan of Amarillo, Joe Tunnell of Midland, and Sophie Williams of Borger.

Linda Ligon of Abertathy is the only candidate for the Bachelor of Music Education degree. A total of 28 candidates are seeking the Bachelor of Business Administration degree. They include Stephen Ailshie of Amarillo, William Bane of Brownwood, Billy Barker of Amarillo, Larry Black of Borger, Janice Carnes of Boys Ranch, Shirley Donnell of Canyon, Warren Eaton of Amarillo, Richard Gallegly of Amarillo, Sandra Gardenhire of Dumas, Frances Graham of Amarillo, Ronnie Harvey of Amarillo, Donald Howard of Borger, Elma

Hughes of Memphis, James Kemper of Amarillo, Wanda Ketchum of Lazbuddie, John Lock of Amarillo, Ila McGee of Amarillo, James Pendergrass of Pampa, Don Prather of Hale Center, Ronald Prien of Amarillo, Phillip Seewald of Amarillo, Larry Selby of Amarillo, Donald Tinney of Pampa, Rita Welty of Amarillo, David West of Amarillo, Samuel West of Borger, John Wilson of Stratford, and Anita Wafford of Plainview.

Candidates for the Bachelor of Science degree are Frances Allen of Canyon, Catherine Banks of Groom, Nancy Barnard of Amarillo, Marvin Berry of Pampa, Juan Blackburn of Spearman, Gary Boyd of Amar-

illo, Jimmy Brock of Haskell, Vera Brown of Canyon, Larry Brummett of Borger, Jerry Bryant of Amarillo, Leah Caldwell of Panhandle, George Carlson of Childress, Darrel Cathey of Hartley, Clea Celey of Amarillo, Theresa Covey of Plainview, Ida Mae Crawford of Dumas, Gary Cummings of Panhandle, Barbara Dillard of Amarillo, Patricia Downing of Canyon, Carl Driskill of Amarillo, Elizabeth Earnest of Stinnett, Max Egan of Amarillo, W.T. Elliott of Hedley, Jerry Epps of Amarillo, David Gano of Amarillo, William Gerber of Andrews, Mary Goff of Amarillo.

Joseph Granato of San Antonio, Willie Hannah of Vernon, Wilma Hargrove of Darrrouzett, Marie Harp of Amarillo, Maxine Hartman of Hereford, Carol Haseloff of Dumas, Robert Hatfield of Amarillo, Dorothy Haynes of Littlefield, Jones Hedrick of Amarillo, Edith Henderson of Canyon, Lani Karen Hill of Follert, Patricia Hill of Floydada, Robert Hill of Silverton, Monta Hinkle of Pampa, Gary Holland of Amarillo, Dawn Hood of Amarillo, Naomi Hopson of Hereford, Elizabeth Huckabay of Dimmitt, Johnny Hudson of Benjamin, Darlene Jackson of Amarillo, George Jackson of Spearman, Carolyn Jarrell of Childress, Felix Johnson of Quitaque, Ginny Johnson of Amarillo,

Gary Jones of Amarillo, Ruby Lee Jones of Trent, Arlen Kaiser of Skellytown, Barbara Kay of Fritch, W.A. Kessie of Canadian, Helen Land of Clarendon, Patty Laster of Dumas, J. Dean McDaniel of Dumas, Jean Martindale of Pampa, Dick Merrill of Amarillo, Mary Mills of Fritch, Nancy Mott of Amarillo, Helen Neal of Amarillo, Frances Nichols of Canyon, Mark Nichols of Happy, Jerry Nutt of Cotton Center.

Gene Parker of Amarillo, Billy Pierce of O'Donnell, Elizabeth Pitcher of Allison, Ray Don Powell of Spur, Willette Price of Goldsmith, Reatha Pyeatte of Clarendon, Douglas Savage of Amarillo, William Sefcik of Denver City, David

## Flame Cultivation to Be Explained During Tour

Results from flame cultivation control of weeds will be viewed and explained during tours at the High Plains Research Foundation on Friday afternoon, August 10 at the Foundation's research farm at Halfway, Texas, located 14 miles west of Plainview. The Texas Butane Dealers Association sponsors the tours.

The tours will start at 1:30

Shockley of Anton, Margaret Shumate of Amarillo, Billy Ray Smith of Floydada, Donald Smith of Clarendon, Carmen Snead of McComb, Miss., Robert Spoonmore of Spearman, James Steed of Childress, Marilyn Swindle of Hale Center, Afton Thomas of Cotton Center.

Tractor drawn wagons will transport the visitors on the tours. Stops will be made throughout the 310 acre farm where the results of flaming will be shown on corn, grain sorghum, castorbeans, soybeans, sesame, peanuts, cotton, sugar beets, blackeyed peas, and green beans.

A demonstration of the use of flame cultivation equipment will be held with cotton. Included will be cotton planted June 21 and July 17, to show the results of early flaming. Cotton planted on May 24 will also be flamed.

The tour will close with an exhibit of flame cultivation at the Halfway Community Grounds. The critique will be held at 4 p.m. on the spacious lawn around the Killgore Memorial Building and Jim Hill Greenhouse.

The Canyon News wants your news. Telephone OL5-2141, or stop by the News office.

Grimm's old fairy tale, "Hansel and Gretel," will be staged Friday and Saturday at 8:15 p.m. in the Branding Iron Theatre at West Texas State College by the Palo Duro Players. Before the youngsters are sent into the forest, they talk with their parents. Players, left to right, are Lee Blocker of Hereford as Gretel, Carroll Killingsworth of Wheeler as the father, Bob Haggard of Canyon as Hansel, and Phyllis Triplett of San Angelo

While the witch seeks to grab little Trudi (played by Judy Haney of Andrews), the Forest Fairy intervenes. The witch, played by Lydia Miller of Fort Worth, and the fairy, played by Mary Lou Olson of Canyon, all appear in the fairy tale, "Hansel and Gretel," opening Friday at 8:15 p.m. in the Branding Iron Theatre at West Texas State College. The show, directed by William A. Moore, will continue Saturday night.

# Palo Duro Club Offers Placid, Country Living

By MARGO WILLIAMS  
Like a mirage, the grounds of the Palo Duro Club suddenly appear in the bend of the road.

The valley with a natural lake running its course through the 11 1/2 sections and the 88 homes lining the road and bank of the stream set a romantic stage for a retreat for area families.

The setting still holds some of the romantic atmosphere many of the families in the Amarillo area found when they first began coming to Barrel Springs (as it was called in those days) in the late 1800's.

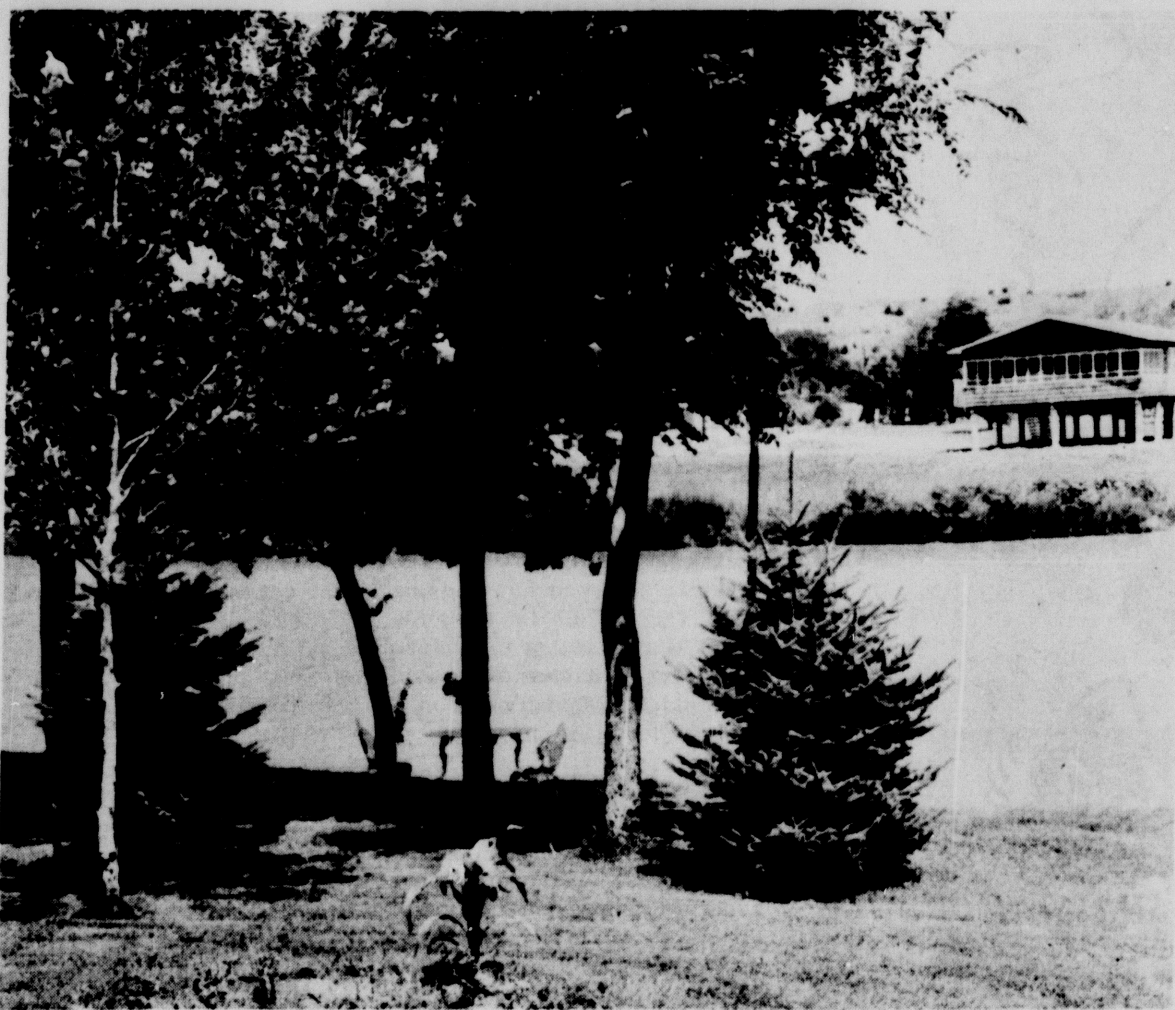

Families would ride in covered wagons, horseback or in flatbed wagons to spend two weeks in the rough country region. They camped out under the trees near the water and during the day they would fish, swim or just relax in the sun.

"We would swim in the creek in cotton dresses and the men would swim in their cotton slacks," Mrs. Ed Bagot recalls.

Mrs. Bagot's father was one of the 12 charter members of the club which was started in 1900. In 1904 the club got its charter and membership then was 50.

The groups that came began building large lodges in which 9 or 10 families could live for a two week period.

"When we got our charter there were 4 sections included in the site. Since then we

This is one of the many serene scenes that can be found on the grounds of the Palo Duro Club. This picture was taken across the natural lake that runs through the Club's 11 1/2 sec-

tions. The lake is fed by large springs. Of the 120 share holders in the club 88 of the families have built homes on the property and several live there year around.

saddles through the Club's grounds.

Each July the Club sponsors a barbeque for the Club members and their families. Individuals give private parties

age out to about every 60 days. The president appoints committees to oversee various projects and the board usually takes the recommendations of the committee," Mr. Bagot explained.

The Club offers nearly any type of entertainment that a family would enjoy.

Fishing is done in the lake year around. Mrs. Jim Reed has perfected a way to fish in the winter and still keep warm. She cuts a hole in the floor of her fishing house and with a small heater can sit all day during the coldest months and reel in fish after fish.

A large swimming pool with an adequate sunbathing area offers residents of all ages the opportunity to relax in the sun.

Located near the swimming pool are two tennis courts, and not far from there the fishermen can be found in small boats or on the shore with their rods and reels.

The lake is stocked with fish which are bought by the Club from a hatchery. They are placed in rearing ponds until they are big enough to survive in the larger body of water.

Among the more favorite types found in the lake are Bass, channel cat, some perch and mud cats.

One of the most popular attractions for the younger set is the abundant land space that is available for raising horses.

During the winter and summer months children can be found riding bareback or with

throughout the year.

Eight or nine of the families which have their homes at the Club live there year around, while the others spend the sum-

mer months at the Club and the winter months in town.

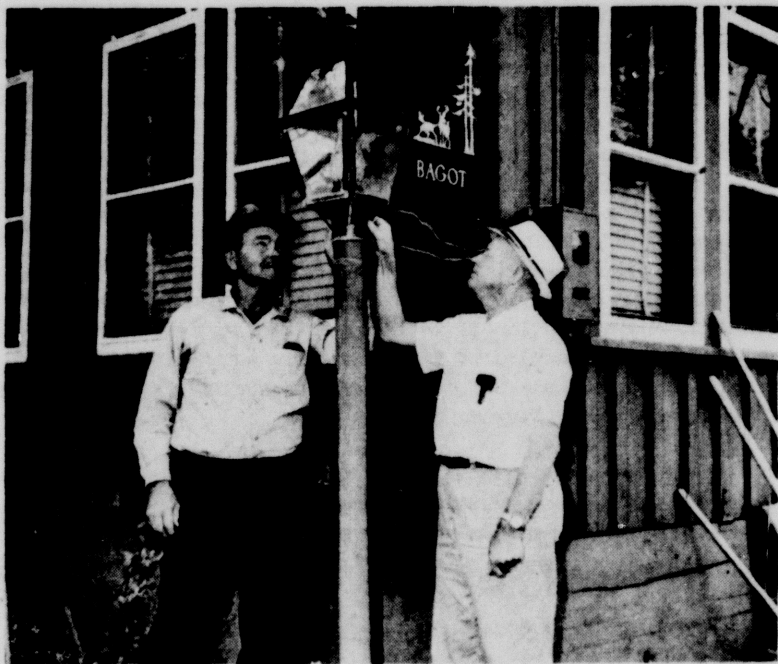

Like a mirage it suddenly appears and it offers a relaxed view of living. Life in the Palo

Duro Club grounds removes one from the rush of the business world and yet he is able to keep in constant contact with every facet of metropolitan news.

David, Trude and Andrew Klingensmith of Amarillo are shown on their horses that they keep at Palo Duro Club. They are the children of Dr. and Mrs. William Klingensmith of Amarillo.

There is plenty of room to pasture and ride the horses on the 1-1/2 section Club grounds. The Palo Duro Club is located north of Canyon.

Rusty O'Donald, left, caretaker at Palo Duro Club, and Ed Bagot of Amarillo rework the wires to the electric lamp on the lawn of the Bagot home at the Palo Duro Club. Mr. and Mrs. Bagot are long-time residents at the Club. They live at the Club part of the year and during the winter months they reside in Amarillo.

## Philippine Girl Here

A young woman from the Philippines will attend Canyon High School this year as an exchange student.

She is Milagros Hernandez from Roxas City in the province of Capiz in the Philippines.

She will make her home with the Dr. Charles Nesters during her stay in America. Miss Hernandez, whose friends call her Mila, will be 17 years old in November.

Miss Hernandez has been approved by the American Field Service to come here as an exchange student.

She will arrive in Santa Barbara, California Aug. 22 and probably will fly on to Amarillo. The Nester family will meet

MILAGROS HERNANDEZ

her at the Amarillo airport. A student from the Netherlands attended Canyon High during the past school term. She made her home with the Jack Haley family.

Mr and Mrs. Ray Fullerton have returned from Houston where they attended the funeral of his mother, Mrs. R.D. Fullerton.

## Hilltop Views

If you haven't taken time to count the blessings that come from living in Canyon I advise you to do so. It is no idle boast and no discount of neighboring communities to say that as a place to live, Canyon has no superiors. If you don't think so, consider the following and ask yourself where there is anything better.

1. Canyon has a citizenry that maintains a very high standard of intellectual, moral, and spiritual behavior. It is probably true, as some have claimed, that Canyon has a higher percentage of population with college education than can be found almost anywhere else. Let us admit that education doesn't necessarily guarantee high qualities of citizenship, but if it does not materially raise the over-all level then this nation is wasting tremendous sums yearly, the Texas school budget alone running into the hundreds of millions annually. President Cornette says there are 40 retired faculty members now living in Canyon. All of this is due directly or indirectly, of course, to the presence here of a standard senior college with a 5 year curriculum and more than 3000 students in the long session—an asset that is found in no other community within 100 miles.

In addition to the College, Canyon has a better than average public school system and as good churches as can be found, even in much larger communities. Church attendance and support here are very high.

2. Canyon is in the center of Northwest Texas recreational facilities—Palo Duro Canyon State Park, which is destined to become a major attraction in this state; Buffalo Lake, the largest body of water in hundreds of miles; the Panhandle-Plains Museum, one of the best in the whole Southwest; Stockton Lake 15 miles to the northeast, Burson Lakes to the Southeast, and several other lakes in prospect, including Lake Meredith at Sanford. Besides these there are several country clubs near Canyon. Under construction is the Hunsley Hills Club which promises to be the finest thing of its kind in hundreds of miles.

3. Transportation facilities are unexcelled anywhere. First of all Randall County claims to have more miles of farm to market roads than any other county in the Panhandle. Then there is the Expressway to Amarillo, which puts all the advantages of this Panhandle Capital within 25 minutes of Canyon—and this is no small advantage. Besides the Expressway Randall County has four-lane highways west and south—routes of federal highways 60 and 87. Mainstreet of America (Hwy. 66) is only 20 minutes away.

These highways make Amarillo Air Terminal only 25 miles away, from which flights reach out over the nation with excellent service.

Not to be discounted is the Santa Fe Railroad with fast trains north, east, west, and south, to my way of thinking the best railroad in the United States, and I have ridden most of them. Two other good lines are the Burlington and Rock Island through Amarillo. Also two major bus lines operate through Canyon.

4. Through the years Canyon has had poor over-night accommodations, but prospects are now distinctly brighter. Already we have two triple-A approved courts and two more are well on the way. Arch Hunsley and Associates, I am told, already have plans for a multi-million dollar over-night accommodation. Superior food service is said to be "in the bag".

5. For years Canyon has had a reputation as a poor business community. That reputation is now being wiped out. The evidence is the recent improvement of business houses, the quality and volume of merchandise available, new businesses that are gradually moving in, and the increasing volume of out-of-town trade. People are coming from as far as 50 and 75 miles away to trade in Canyon.

6. Health and medical service here are distinctly superior for a town the size of Canyon. People over the area are finding this out, too. If you don't believe it, glance over the list of hospitalized people here each week and notice where they are from; and these are only a part of the picture. The Jarrett-Moore-Wooten Clinic has a fair share of out-of-town patrons too. Natural drainage plus an excellent sewer system plus extraordinary diligence of the city make health conditions as good as the best.

7. Another Canyon asset is water. Unless we have an influx of water-consuming industries our water supply is adequate for a city of 15 to 20 thousand people. Only a water-softener is needed to make the situation near perfect.

Finally, there are several other assets that help make Canyon a truly wonderful place to live and rear a family, but lack of time and space compel the closing of this article. Fellow Canyonites, let's be proud of our town and keep it among the best.

## NEVER A DULL MOMENT

AVALON-9 FEATURES

by Troy Martin

## FROM THE CANYON RIM

We ran in to Jake Carthel, a deputy sheriff down Tulla way, Monday night.

Jake was a deputy at Amarillo during our days as a police reporter there. We got to reminiscing about some of the things that happened there during those days.

One old boy gave a hot check for an out door privy and didn't have any place to put it. He just had a yen for writing checks.

Just couldn't leave them alone.

The same fellow went to jail for hot checking and eventually became a trusty. The county clerk felt sorry for him and asked the sheriff to release the prisoner to do a little painting for him.

The county official gave the fellow \$5 so he would have cigarette money. The old boy

promptly raised it to \$50.

\*\*\*

Then there was the juvenile who burglarized a jewelry store and stashed the loot in a tree on the Potter County court house lawn.

\*\*\*

A Potter County deputy was hired to guard wedding presents at the palatial home of the bride's parents while the wedding party was at the church.

He sat sipping coffee in the living room while a burglar ripped the screen on a bedroom and made off with several hundred dollars worth of gifts.

\*\*\*

Two young Amarillo post office burglars heard that George Heaburg, a post office detective of national repute, was on their trail. They knew the jig was up. They bought a round trip ticket to Hawaii, spent their ill gotten gain on a sunny vacation on Wakiki Beach and then returned to Amarillo and surrendered to the federal sleuths.

\*\*\*

Another unsavory character of the old days started up a television mail order business. His method of operation is

something to that used by Billie Sol Estes.

He advertised in magazines across the country and then sold television sets for less than he had been paying for them. He delivered the sets for a time but became so swamped by orders that he gave up on delivery and just kept the money.

He finally was arrested in California for stealing milk off porches. When he was taken into custody with a quart of filched milk in his hand he had \$80,000 in cold cash and negotiable money orders in his pockets.

Our stint as a police reporter taught us a few things which cannot be learned from text books.

Only a few seconds separates a good man from a bad one. Men pay through eternity for transgression of less than one minute duration.

We are never very surprised at what people do. We are sometimes amazed that the general run of people are able to do as well as they do.

Honesty and morality are twin cornerstones of our society. Without them there can be no reason to our existence.

Perhaps narcotics pushing is the greatest crime we have ever observed and this includes murder. Narcotics steal humanity from man and leave him a slave to what ever drug that has "hooked" him.

by D. M. Lipscomb

## Your Better Hearing

As this column goes to press, I will be attending a Medical Audiology Workshop in Estes Park, Colorado. This workshop is sponsored by the Post Graduate School of Colorado University. Among the lecturers will be Dr. Von Bekesy, Nobel Laureate.

Audiology is a composite of many disciplines. Today, we will briefly consider these contributing related sciences.

Otology is the branch of medicine which treats the diseases and disorders of the ear. It is this discipline which has made great strides forward in the surgical treatment of hearing loss. The audiologist and otologist work together to achieve an accurate diagnosis and then the otologist decides on the medical and surgical possibilities of the case.

The audiologist is not trained to be a medical man. He makes no medical examination during his tests. In like manner, the audiologist does not make any diagnoses on his own. The final diagnosis is entirely dependent upon the otologist who weighs the information given him by the audiologist.

In his preparation, the audiologist learns about the anatomy of the ear and some details of the medical and surgical techniques used in treatment of ear problems.

A second medical science with which the audiologist is concerned is that of neurology. The ear is a sense organ which involves the neurological portions of the body. Occasionally, a neurological problem gives rise to an ear problem or vice versa. In this case, the audiologist and neurologist work together.

Recently, audiological techniques have been developed which aid the neurologist in early diagnosis of certain brain lesions. Again, it is to be stressed that the audiologist does not make any diagnosis. The neuro-

logist takes the results of the hearing tests and weighs them with all the information he gains from his examination and makes the final diagnosis.

In his training, the audiologist has some course work in fundamental concepts of neurology.

Next week, we will continue this discussion of the related sciences.

## Canyon Men On Military Tour

Three Canyon men are now on six months active duty with the US Army as part of the special training they are to receive as members of the Texas National Guard's 36th Infantry Division.

The three trainees include Privates Wilbur J. Davis, Jojo H. McWilliams and Robert S. Tennant. They are currently undergoing basic training at Fort Polk, La. They are members of Mortar Platoon, Combat Support Company, 1st Battle Group, 142nd Infantry.

## Amendments

(An Editorial)

In this issue of The Canyon News there appears the full text of the 14 proposed amendments to the state constitution to be voted upon in the upcoming general election Nov. 6.

In order that you be fully informed, we urge you to read each proposed measure in its entirety and study all of them carefully before going to the polls.

A brief digest of the 14 proposed Amendments follows:

NUMBER ONE ON THE BALLOT (HJR 25) -- Provides Workmen's Compensation Insurance for the employees of all political subdivisions.

NUMBER TWO ON THE BALLOT (SJR 9) -- Raises the limit on use of state funds to assist needy aged, needy blind and needy children from Forty-seven Million Dollars (\$47,000,000) to Fifty-two Million Dollars (\$52,000,000).

NUMBER THREE ON THE BALLOT (SJR 22) -- Permits creation of hospital districts in Ochiltree, Castro, Hansford and Hopkins Counties.

NUMBER FOUR ON THE BALLOT (HJR 46) -- Provides for a State program of acquiring conservation storage facilities in reservoirs.

NUMBER FIVE ON THE BALLOT (HJR 51) -- Creates hospital districts and limits their power.

NUMBER SIX ON THE BALLOT (HJR 36) -- Authorizes retirement, disability, and death benefits for elected and appointive officers and employees of counties and political subdivisions who have served in such capacity for twelve (12) years or more.

NUMBER SEVEN ON THE BALLOT (SJR 13) -- Insures continuity of state and local governmental operations in periods of emergency, resulting from disasters caused by enemy attack, by providing for the prompt and temporary succession to the powers and duties of public office, except members of the Legislature.

NUMBER EIGHT ON THE BALLOT (SJR 7) -- Establishes a ceiling of Two Million, Five Hundred Thousand Dollars (\$2,500,000) per year on the amount that may be paid out of state funds for assistance payments to the totally and permanently disabled.

NUMBER NINE ON THE BALLOT (HJR 70) -- Authorizes the construction, equipping, maintenance and financing of a home for the aged in Titus County and permits the Legislature to authorize the creation of two (2) hospital district in Brazoria County.

NUMBER TEN ON THE BALLOT (SJR 12) -- Permits state employees to serve as consultants or on advisory committees, or as members of a Public School Board, provided they are not members of the teaching profession, with a state agency or any political subdivision thereof.

NUMBER ELEVEN ON THE BALLOT (SJR 25) -- Authorizes resale of repossessed lands in the Veterans Land Fund, to any buyer, after having been first offered for resale to veterans.

NUMBER TWELVE ON THE BALLOT (SJR 19) -- Delegates limited zoning powers to any county bordering on the Gulf of Mexico or the tidewater limits thereof.

NUMBER THIRTEEN ON THE BALLOT (SJR 6) -- Provides that taxes or bonds previously voted in any Independent School District, major portion of which is in Dallas County, shall not be abrogated, canceled or invalidated by any change in boundaries and authorizes the continuance of the levy of taxes after such change without further election.

NUMBER FOURTEEN ON THE BALLOT (HJR 32) -- Provides for trials de novo on all appeals from actions, rulings, or decisions of administrative or executive agencies of government.

## A Pool For The Canyon?

(An Editorial)

In spite of the rains which have stranded campers in Palo Duro Canyon a couple of times during the past two days, Texas' biggest state park is growing in popularity.

Take note of the out of state cars in Canyon by the score. Ask some of the drivers why they came to Canyon. You'll find they came here to visit the Palo Duro.

Palo Duro Canyon needs water—a place for people to splash and cool off. The powers that be have turned thumbs down on a proposal for a dam at the park.

We will not argue the merits of their decision.

But if we can't have a dam and a lake in the park, then why not a fine swimming pool. The park also could use some better roads and camp site improvement.

Palo Duro will be paying off its bonds before long. Then

what will happen to the income from the thousands who throng there?

Will it be spent for upkeep of parks at the other end of the state? We contend that this should not happen. Money earned by Palo Duro should be spent on Palo Duro.

We hope that those who represent the Panhandle and South Plains in the legislature will see that this is done.

Absent were Steve Martinez and Dennis Pearson. Coaches are Curtiss Butler and Carl Hair.

## Fairview Breezes

BY MRS. J. W. WESLEY

We are happy to report the fall of two inches of rain the past week. The C.P. Rogers and G.E. Wesleys report they received three inches and 40/100 the past week.

Mr. and Mrs. Carl Odom and two children, Mike and Connie of California are visiting her parents, Mr. and Mrs. O.M. Cox.

Mr. and Mrs. Raford Shipman went to Lockney Monday to visit her sister and her family Mr. and Mrs. Wayne Bramlett and to leave their children Jannis, Emiel, Ross and Pam for a week.

Mr. and Mrs. Harrison Hall visited Saturday with their daughter Peggy and her family.

John Lars Hamerson, Minister

near Tulia. \*\*\*  
Richard Evans came home Wednesday from Adrian where he had been doing some farming.

Mr. and Mrs. Bobby Gean-threux and Patricia went to Dora Thursday, for a visit with his parents.

Mr. and Mrs. I.W. Broun of Odessa and their daughter and son-in-law from Snyder visited Saturday night with Mr. and Mrs. J.W. Wesley. They attended the annual singing at Fairview Sunday and returned home Sunday afternoon.

Mr. and Mrs. Elvin Wesley and Sue came from Brownfield Sunday to attend the annual singing and a short visit with his parents, Mr. and Mrs. J.W. Wesley.

Mr. and Mrs. Hill Smith and three of their boys of Amarillo came for the singing and a visit with the J.W. Wesleys.

Mr. and Mrs. John Patterson returned from their vacation in Colorado Wednesday evening.

Those cleaning the church and mowing the lawn Wednesday

were Edna Wilson, Ora Evans, Mrs. Lizell Wesley, Mr. and Mrs. J.W. Wesley, Brother and Mrs. John Sullivan and their four children.

Glenda and Eddie Wilson are recovering nicely from having their tonsils removed the past week. They are the children of Mr. and Mrs. Ervin Wilson.

Mrs. Clifford Stephens is recovering from a broken arm she got while helping her boys dig fish worms.

Mr. and Mrs. Nig Whitson and Don are vacationing in New Mexico. They will be home Tuesday.

Our singing was a grand success as we had lots of good singers from as far away as Pampa, Borger, Dumas, Odessa, Snyder, Brownfield, Amarillo, Canyon, and Tulia. We must give recognition to the musicians Mrs. Gene Shipman and Mr. Hall of Wayside and Mrs. Miller of Dumas. We enjoyed a group of Indian singers from Amarillo and a number of others too numerous to mention.

We were happy to have the Rev. and Mrs. Lightfoot of Amarillo, and Mr. and Mrs. Truett Collier, Virginia and Dennis of Canyon at the singing Sunday.

Darla Ann Whitson has been spending the past two weeks at McMurtry attending band school. Her parents Mr. and Mrs. Nig Whitson will go to Abilene Friday to bring her home.

Charles Wilson visited Sunday morning in the J.W. Wesley home.

Kyle and Lydia Wesley are spending this week with their grandparents Mr. and Mrs. E.E. Wesley while their parents Mr. and Mrs. Arlen Wesley have a vacation in Las Vegas and California.

**Proposed CONSTITUTIONAL AMENDMENT  
NUMBER TEN ON THE BALLOT**

**PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1962.**

**SENATE JOINT RESOLUTION NO. 12** proposing an Amendment to the Constitution of the State of Texas so that state employees may be employed in an advisory capacity or appointed to an advisory committee, or as a member of a Public School Board provided they are not members of either branch of government, receive reimbursement of expenses, without compensation, from the Federal Government, with the approval of the administrative head of the institution, or the governing board of the institution in which such employee is employed, provided there is no conflict of interest."

**SECTION 1.** That Section 33 of Article XVI of the Constitution of the State of Texas be amended so as to read:

"Section 33. The accounting officers of this state shall neither draw nor receive any salary or fee for their services in favor of any person for salary or honorarium, except as provided by law. Air Force and Coast Guard. If further provided, that state employees may serve in an advisory capacity or be appointed to serve as a consultant or as a member of an advisory committee, or as a member of a Public School Board provided they are not members of either branch of government, receive reimbursement of expenses, without compensation, from the Federal Government, with the approval of the administrative head of the institution, or the governing board of the institution in which such employee is employed, provided there is no conflict of interest."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at the general election to be held the first Tuesday after November 6, 1962, at which election all ballots shall have printed thereon:

a. "The Constitutional Amendment permitting state employees to serve as a consultant or on an advisory committee, or as a member of a Public School Board provided they are not members of either branch of government, receive reimbursement of expenses from a state agency, or any political subdivision thereof, or the Federal Government, with the approval of the administrative head or governing

intee, who holds at the same time any other office or position of honor, trust or profit, under this state or the United States, except as pre-

erhibited in this Constitution. Provided, That this restriction as to the drawing or paying of warrants upon the Treasury shall not apply to officers of the National Guard of Texas, the National Guard of the United States, the Reserve Corps of the United States, or to enlisted men of the National Guard of Texas, the National Guard of the United States, and the Organized Reserve of the United States, nor to retired officers of the United States Army, Navy, United States Marine Corps, United States Coast Guard, and retired warrant officers and retired enlisted men of the United States Army, Navy, Marine Corps, or on an advisory committee, or as a member of a Public School Board provided they are not members of the teaching profession, with a state agency, or any political subdivision thereof, or the Federal Government, if approved by administrative head or governing board of such employee and there is no conflict of interest."

Sec. 3. The Governor shall issue the Executive Proclamation for said election and have the same published as required by the Constitution and laws of this state.

**NUMBER FOURTEEN ON THE BALLOT**

**CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1962.**

**HOUSE JUDICIAL RESOLUTION NO. 32** proposing an amendment to the Constitution of the State of Texas so as to provide for trial de novo on all appeals to the courts from actions, rulings or decisions of administrative agencies or executive departments of the State of Texas or any of its political subdivisions.

**THE IT IS RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

SECTION 1. That the Constitution of the State be and same is hereby amended by adding Section II of a new Section to be known as Article said new Section 2 to read as follows:

Section 2. Notwithstanding any other provision of the Constitution, the Legislature shall have the power, by general law, to provide for appeals from actions, rulings or decisions of administrative agencies and executive departments of the State of Texas or any of its political subdivisions under such provisions and limitations as the legislature shall deem necessary and appropriate; and the courts of Texas shall have no power to refuse, deny, or change the manner of such appeals, if brought in the manner provided by law, although such appeals shall be provided de novo as that term is used in the appeals from Justice of the Peace Courts. The Legislature provide for such appeals to be tried completely de novo and independent of any administrative or executive action thereon, the courts shall

The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at the next election held throughout the State on the first Tuesday after the first Monday in November, 1962, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment granting the Legislature power to provide for trial de novo on all appeals from actions, rulings, or decisions of administrative or executive agencies of government."

"AGAINST the Constitutional Amendment granting the Legislature power to provide for trial de novo on all appeals from actions, rulings, or decisions of administrative or executive agencies of government."

If it appears from the returns of such election that a majority of the votes cast therein are for such amendment, the Governor as part of the Constitution of Texas.

Sec. 3. The Governor of the State of Texas is hereby directed to issue the writs necessary to call for such election and this amendment shall be

ply with such general law and all hear and determine such appeals in the manner and under the conditions published and the election shall be held as required by the Constitution and laws of this State.

## PROPOSED CONSTITUTIONAL AMENDMENT NUMBER ELEVEN ON THE BALLOT

**PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1962.**

**SENATE JUDICIAL RESOLUTION NO. 25** proposing an Amendment to Section 49-B of Article III of the Constitution of Texas permitting the resale of lands of the Veterans Land Board remaining unsold after having been first offered for sale to veterans, to be sold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as may hereafter be provided by law, or as may hereafter be provided by a proclamation thereof.

**IT IS RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

election all ballots shall have printed thereon the following:

"FOR the Amendment to Section 49-B of Article III of the Constitution of Texas by adding thereto a provision authorizing the resale of lands of the Veterans Land Board remaining unsold after having been first offered for sale to veterans, to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now provided by law, or as may hereafter be provided by a proclamation thereof."

"AGAINST the Amendment to Section 49-B of Article III of the Constitution of Texas by adding thereto a provision authorizing the resale of lands of the Veterans Land Board remaining unsold after having been first

Section 1. That Section 49-b, Article I of the Constitution of Texas, be amended by adding thereto the following:

The foregoing notwithstanding, any lands in the Veterans Land Fund which have been first offered for sale to veterans and which have not been sold may be resold to such purchasers, in such quantities, and on such terms, and at such prices and conditions of interest and under such rules and regulations as are now provided by law, or as may hereafter be provided by law.

"This Amendment shall become effective upon its adoption."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held throughout the State of Texas on the first Tuesday after the first Monday in November, 1962, at which

and under such rules and regulations as are now provided by law, or as may hereafter be provided by law."

If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective from the date set forth in said Amendment, and the Governor shall issue a proclamation in keeping therewith.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and this Amendment shall be published in the manner and for the length of time required by the Constitution of this state.

## Proposed **CONSTITUTIONAL AMENDMENT**

# NUMBER SIX ON THE BALLOT

**PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1962.**

**HOUSE JOINT RESOLUTION NO. 36,** proposing an Amendment to the Constitution of the State of Texas so as to authorize for elected and appointive officers and employees of the State of Texas twelve (12) or more years in any county or other political subdivision, a Retirement, Disability and Compensation program.

**IT IS RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. Subsection (b) of Section 1 of Article XVI of the Constitution of the State of Texas is amended read as follows:

"(b) Each county and any other political subdivision of this State shall have the right and the Legislature may enact appropriate regulatory legislation to authorize for elected and appointive officers and employees of the State of Texas a Retirement, Disability and Compensation Fund for its elected and appointive officers and employees of the State of Texas, authorized by a majority vote of the qualified voters voting in such election, to be levied upon such qualified voters. No person shall qualify for benefits unless he shall have served in such capacity for at least twelve (12) years or more."

Section 2. Should the Legislature enact any legislation for the adoption of this Amendment, such legislation shall not be invalid by reason of the fact that:

Sec. 1. The Governor of Texas shall issue the necessary proclamation for the election and the Amendment shall be placed on the ballot for the election or the length of time as required by the Constitution and laws of this

county so such Fund shall equal the amount paid for the same purpose from the income of each such person, and shall not exceed at any time five percent of the total of the pensionation paid to each such person by the county and State.

Sec. 2. Any foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors in this State at an election to be held on the first Tuesday after the first Monday in November, 1962, of which election all ballots shall have printed thereon the words:

"FOR the Constitutional Amendment authorizing retirement, disability, and death benefits for elected and appointive officers and employees of counties and political subdivisions who have served in such capacity for twelve (12) years or more."

"AGAINST the Constitutional Amendment authorizing retirement, disability and death benefits for elected and appointive officers and employees of counties and political subdivisions who have served in such capacity for twelve (12) years or more."

Sec. 3. Should the Legislature enact any legislation for the adoption of this Amendment, such legislation shall not be invalid by reason of the fact that:

Sec. 1. The Governor of Texas shall issue the necessary proclamation for the election and the Amendment shall be placed on the ballot for the election or the length of time as required by the Constitution and laws of this

# Publication Recounts City, County History

(From the Shamrock Oil & Gas Corp. Publication)

The city has come a long way since it was founded as Canyon City nearly 75 years ago and consisted of a one-family dugout home and a partially completed blacksmith shop.

It was in the late 1880's that L. G. Conner, confident of the future of the Panhandle territory, left his Grayson County settlement and moved to the site which is now Canyon. Under his careful supervision, a survey was conducted on Christmas Day in 1887, laying out a townsite.

Conner's dugout home was the only dwelling.

A year and a half later--on July 27, 1889--Randall County was organized and Canyon City was chosen as the county seat. A corps of county officials was elected and Canyon began to experience her first growing pains. Settlers arrived from all around and by 1910 the city boasted 1,400 persons.

Long before 1910, however, the town began to take the shape of a settlement. Conners established the first post office in the family dugout in 1889. The need for a courthouse was recognized and on September 10, 1889, bids were opened for the construction of the new building. The contract was awarded for \$8,200.

In contrast to that figure, a new annex was built on the present courthouse in 1956 at a cost of approximately \$150,000. But another contrast can be drawn between the initial tax levy in the county of 25 cents per \$100 property valuation and the present-day levy of \$1.05 per \$100.

Canyon's first church was built by the Methodists in 1889 and in 1890, the first general store was opened by Sidney E. Roberts. The city's first drug-gist, S.V. Wirt opened his business in 1891 and the same year his wife became the city's second postmaster.

The city's first newspaper--"The Stayer"--was established in 1896. The name was changed to the Canyon City News in 1902, to the Randall County News in 1908, then changed again to the Canyon News in 1925.

Established in 1900, the First National Bank of Canyon is now located in a new ultra-modern structure just off the courthouse square. The bank was founded as the First State Bank, but later changed its name.

Canyon was incorporated on Sept. 29, 1906, with Judge Jasper N. Haney as the first mayor. Other city officials elected were Brent Taylor, marshal; T.H. Rowan, D.A. Park, J.F. Smith, G.L. Abbott and J.T. Service, aldermen; Travis Shaw, treasurer; A.S. Rollins, city attorney; and A.B. Axtell, city engineer.

Canyon's first water and sewer bonds were floated in 1908, just two years after the city government was organized.

These early-day businesses--establishments and pioneer residents set a fast pace for their successors. But succeeding generations have bravely followed their example as present-day population and construction figures will attest.

Between 1922, when the project was initiated, and 1928, eight miles of brick paving were laid. Today the city boasts many miles of paving.

Businesses have grown, too. From that original blacksmith shop and general store, the city's business has flourished to include 140 retail stores with a yearly sales volume of approximately \$12 million. The First National Bank boasts deposits of more than \$5 million.

One tremendous boon to the economy of the area has been West Texas State College, the educational and cultural center of the Panhandle. The college, which opened in 1910 with approximately 200 students, grants more than that number of degrees.

The college has been in part responsible for the rapid growth and tremendous building boom of the past few years. It has not, however, been wholly responsible.

The city's growth was recently charted by The Canyon News, one of the area's better weekly newspapers. Those figures revealed that since 1910 the average growth has been 90 persons per year. From 1940 to 1957, however, the average growth has been a phenomenal 182 persons per year.

In line with this steady increase in population has been the increase in construction. While building has enjoyed a continuous up-swing since the town was organized, the growth has not been particularly outstanding until the last few years when near-boom conditions have prevailed.

Going somewhere? Or been? The Canyon News wants to know about it -- and so do its readers.

Randall County is predominantly agricultural with about 57 percent of the half-million acres under cultivation. Principal crops are wheat and sorghum. More than 50 Grade-A dairies dot the area, placing Randall County among the top milk-

producing counties in the state.

Randall County ranches also produce some of the better Hereford and Angus cattle found in the Lone Star State.

The city of Canyon is the southern terminal for the Canyon-Amarillo Expressway and

is located midway between two of the Panhandle's choice recreational areas--the famous and colorful Palo Duro Canyon 12 miles to the east and Buffalo Lake to the west. A public park, Palo Duro Canyon, has often been described as a

combination of the Painted Desert and Grand Canyon. It serves annually as a mecca for thousands of tourists.

Buffalo Lake, the Panhandle's largest body of water, affords recreation in the form of fishing and boating. Water skiing

has emerged as one of the most popular diversions at the lake in the past few years.

It was reportedly told by an old-timer--probably in jest--that in 1891, one fence was all that stood between Amarillo and Canyon. It has since been

said--probably also in jest--that someday the two cities will meet.

But Canyon has matched strides with her larger sister city to the north. And who should deny that someday...maybe not even a fence will separate them?

Members of the Cardinal team in the Babe Ruth League are Jim Callaman, Max Sonderman, Stanley Hicks, Chris Byerley, Ricky Widiek, Lonnie Wilson, Phil Huckaba, Vince Wirt, bat

boy, Randy Cook, Gary Winter, Randy Brown, Ronnie Sweet, Billy Cawthon, Jimmy Johnson and Tom Lair. Earl Byerley is coach.

Pirates are Alex Gordon, Steve Downing, Dennis Butler, Joe Johnson, David Rossi, Ed Henders, Dennis Haley, Alex deSchweinitz, Larry

Pitt, Richard Gardner and David Cornett. Coaches are David Lipscomb and Roy Forehand.

# Modern City Fire Department On 24-Hour Call

By TROY MARTIN  
Fire sirens in Canyon can summon more than \$50,000 worth of city firefighting equipment.

During the first six months of the year the department answered 95 fire calls. Of this number, 46 were rural and 49 were inside the city limits.

Like many other towns along the frontier, one of the first things organized in Canyon in the old days was a fire department.

Equipment, to be sure, was crude but the fire boys in the old days were mighty proud of their fire wagon which they pushed by hand to the blaze when the gong sounded.

A few veterans remember the

days when Canyon had a push-type fire apparatus instead of a \$30,000 pumper. Some of these include Lee Foster, Clarence Thompson and Wes Kleinschmidt and others. Foster left the department in 1955 after 35 years of service.

One of the worst fires in the history of Canyon was the blaze which swept West Texas State Normal College March 25, 1914. One of the worst fires in recent years was the Pharmacy fire in April of 1961.

Jack Haley is the present firechief. Bill Sternberg, firechief for a number of years, probably knows more than anyone else about the department as it is today.

The department has five major pieces of equipment, not counting a truck furnished by the county.

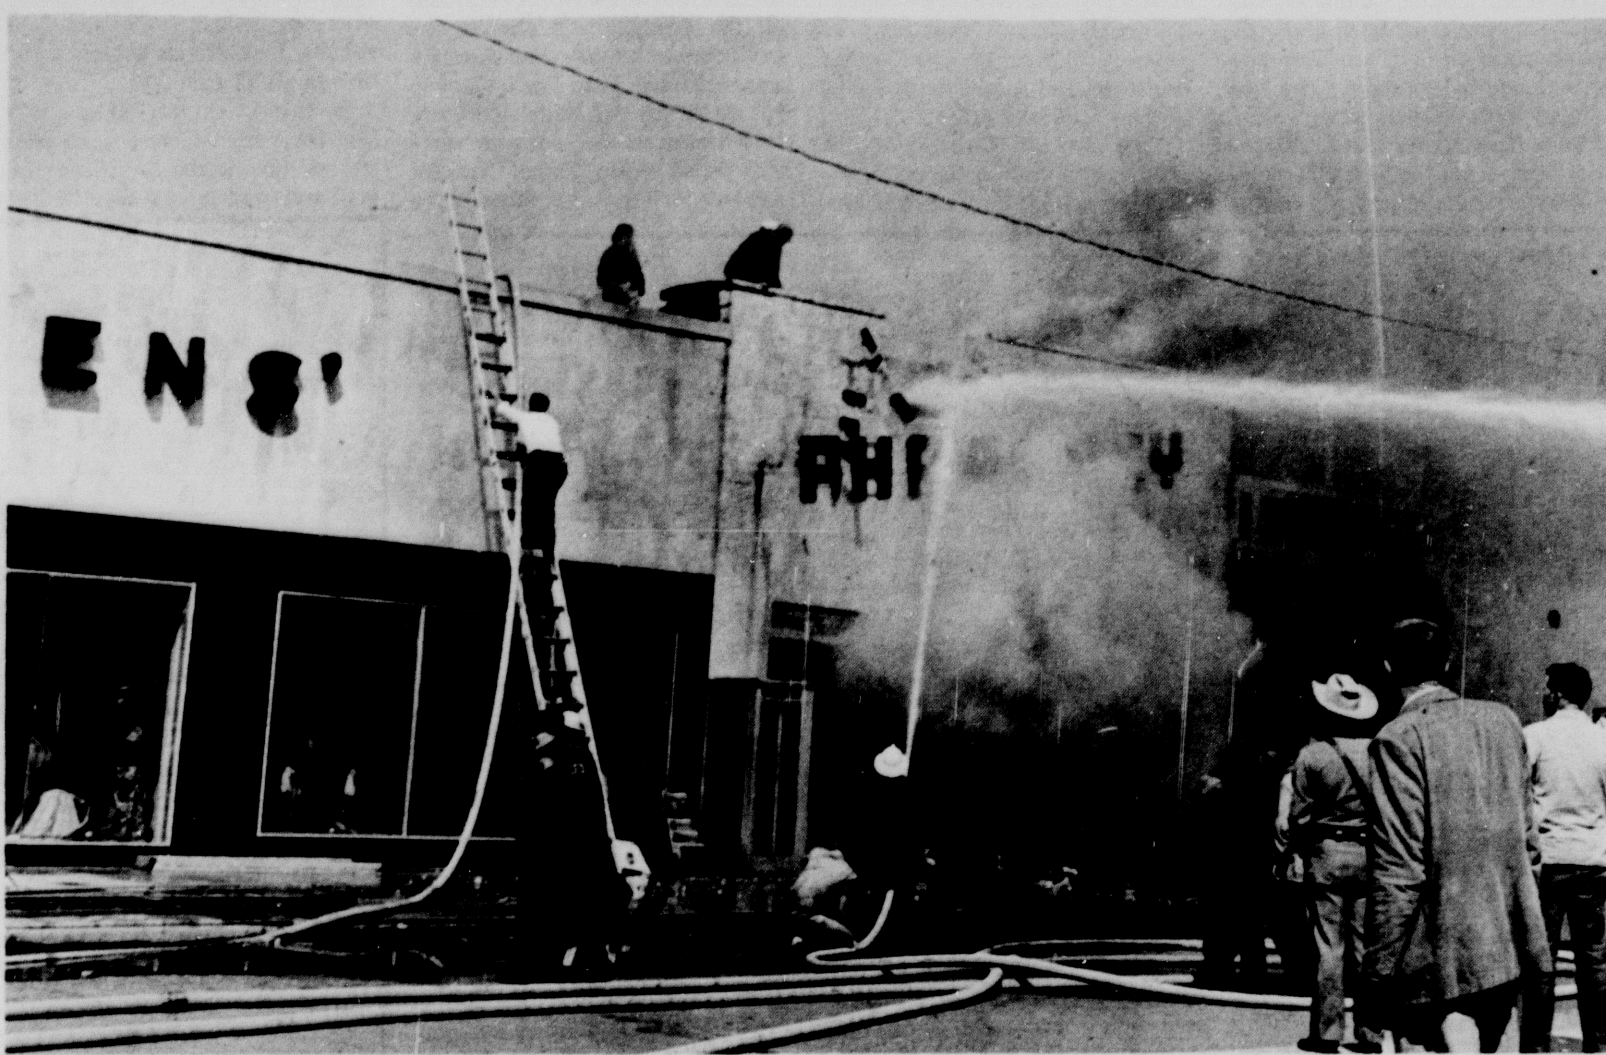

The oldest piece of equipment currently in use is a 1928 fire truck.

A 1938 Ford is equipped with a deluge nozzle. Using the pump from the GMC truck the nozzle was used to throw water on top of the Pharmacy building.

The GMC was purchased by the city in 1950 and replaced an old Southern. It was necessary to buy the new equipment at that time in order to maintain a favorable fire insurance rate, according to Sternberg.

The county bought a new Ford for the Canyon department in 1960. It is equipped for fighting rural fires, especially grass fires. Its pump runs off a power take off and enables firemen to engage in a running battle with grass fires.

Pride and joy of the Canyon department is the Mack purchased at a cost of near \$30,000 in 1960. The town's key rate is tied to this shining piece of Sternberg explained that for this reason the big Mack never leaves the limits.

One of the worst fires in the history of the Canyon Fire Department was the blaze which destroyed The Pharmacy last year.

chased at a cost of near \$30,000 in 1960. The town's key rate is tied to this shining piece of Sternberg explained that for this reason the big Mack never leaves the limits.

During the middle 1950's members of the department used their own money to buy a pickup truck. It was traded for

a new Ford pickup in 1960. Four department vehicles have two-way radios. The county bought one and the city provided the others. Civil Defense participated in purchase of these.

Until a few years ago, city firemen answered rural fire calls without recompense to the

city. A ruling from the state attorney general following a tragic fire at Dumas in which several firemen were killed,

The attorney general ruled that if a city were allowing its fire equipment to go outside its limits without a contract for its use by the county or some other subdivision, members of the city commission involved could be held personally liable. The city of Canyon entered

into a contract with Randall County. That contract now is a point of contention.

Members of the department are well versed in life saving. In addition to this, firemen have purchased with their own money Scott Air Packs and oxygen eq-

(Continued on page 7)

## Letter To The Editor

July 25, 1962

TO WHOM IT MAY CONCERN:

It is raining outside and has been for two days or so. Please, come take a ride with me down sixth avenue west across the railroad tracks. Turn left or right at the first road--it makes no difference. You will get a sample either way.

Whoops--we won't even make it around the corner because we are stuck and here for the day. Of course, unless some helping hand with a tractor comes along or we call a wrecker--for \$5.00.

This could be improved several ways. Everyone could ride tractors, walk or how about a paved street? Just for convenience! Just having the road graveled would help. Must these people be "across the tracks" people? Oh, yes, the road is

graded frequently but that usually complicates things more.

These people living out on these muddy roads pay city taxes just like everyone else living in the city limits. However, in return, they do not receive city water nor is their trash picked up any more often than 10 days.

Surely, something can be done about the roads!

Sincerely,

Mrs. Carl E. Brown

(Editor's Note: We consulted city hall on some of the questions raised by Mrs. Brown. (1) Paving: The city will participate in a paving project in the area Mrs. Brown mentions when the residents there are ready to participate in sufficient numbers as to make it practical. (2) City manager Bill York says trash is picked up on a weekly basis without charge.

(3) City officials say property in the area is assessed at only a small percentage of actual value for arriving at city taxes. (4) Improvement of streets in the area by means of caliche is included in the city's future planning.)

White Sox in the Major League are Jerry Cridle, Jack Swartzell, Lynn Kelly, Mark Olson, Charles Collie, Linnie Neal, Charles Starnes, Mike Matthis, Joe Moore, Tommy Hildreth, Barkley McLaughlin, Jody Sheets and Don Howard. Coaches are Newton Starnes and Eddie Holcomb.

## Red Sox Get Modern... 6-5 Victory

(Continued from page 6)

The Red Sox slid to a 6-5 victory over the Senators last Wednesday evening.

The Red Sox had 6 runs on 4 hits, while the Senators had 5 runs on 4 hits. Reff was winning pitcher and Read was losing pitcher.

## Tourney At C.C. Club August 11-12

The Canyon City Club will sponsor a 36 hole golf tournament August 11-12 at the Club's golf course. Gene Deeds, manager of the club, announced this week.

The tournament will be a 36 hole medal play and players may use only one club throughout the game.

Deadline for entries is August 10 and players must have a handicap score from the Club or a card signed by their local professional golfer. Tournament fee is \$3.00 per person and play begins Saturday morning. Each player must play with another entrant so scores may be verified.

Eighteen holes will be played Saturday and 18 holes will be played Sunday. Every Friday night at 8 p.m. the Club sponsors a putting tournament.

To adequately protect the growing city of Canyon, the department has a standby crew on hand when other men and equipment leave town to fight a rural fire.

The standby company answered a call at the Henry Cone residence Monday night of last week while other equipment and men were engaged at two rural fires.

Firemen draw \$1.00 for each fire and each drill. Fire drill is held twice a month.

In addition to this, fire hose must be tested twice a year at 200 pounds of pressure. Hose must be washed and dried after each fire. Trucks also must be washed after fires.

The department has 30 members on its roster. One paid fireman maintains residence in the fire station apartment so as to be on hand when needed. He is Robert "Red" Rice.

The firechief must make quarterly reports on drills to the state. Fire marshal is Jack Jennings. He compiles monthly reports on fires inside the city limits.

City Manager Bill York said the city spent about \$10,500 on its fire department during the first six months of the year.

The city has an investment of \$55,244.95 in rolling stock, \$7,090.00 in the fire station and \$5,392.16 in the fire station apartment.

Fighting fires is expensive and it's hard work, Sternberg admits. But the department has no trouble in keeping its membership up to full strength.

Jack Haley, left, chats with Robert "Red" Rice at the city fire station. Jack is firechief and Rice is the city's paid fireman. They are shown here beside the department's big Mack fire truck.

## Redbirds Win Girls' Softball

Barbara Brown Rolando's Redbirds wound up with a perfect record and the girls' softball championship for 1962. In second place was Dusty Brown's Queens, followed by the Dolls and with the Falcons in the cellar.

More than 100 girls and their mothers attended a watermelon feast sponsored by the Kiwanis Club. This wound up the regular season.

Following the watermelon party an all-star team composed of girls chosen from various teams played a team of mothers. The all-star lineup included Linda Salmon, Brenda Winstead, Sherry Killingsworth, Nancy Schnack, Becky Price, Sally Swartzell, Terry Blasdel, Sue Lindsey, Gail Swartzell, Lee Hicks, Linda Clark, Linda Hand, Deana Nichols and Dorothy Szydloski.

Mothers include Mrs. Sherwood Blasdel, Mrs. Dale Killingsworth, Mrs. Dean Nicholas, Mrs. Bob Bellah, Mrs. Curtis Butler, Mrs. Gene Read, Mrs. Chaires Wright, Mrs. H. M. Johnson, Mrs. Phillip Harner, Mrs. Jack Swartzell, Mrs. Phil Swartzell, Mrs. Don Olson, Mrs. Ronald Hicks, Mrs. Carroll Vaughan and Mrs. Borden Price.

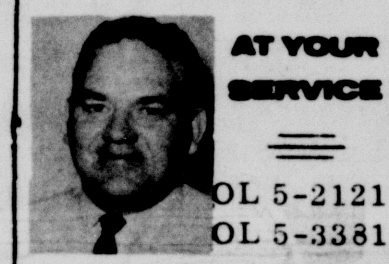

Miss Della Moorer, of Grand Prairie, Texas is visiting Mrs. Charlie Huffines.

## 4 New Families Here In July

Four new families who have moved to Canyon have registered with the Chamber of Commerce since the first of July.

They are Mr. and Mrs. Ralph L. Huntington and 5 children, 2006 12th Ave.; Mr. and Mrs. Joe W. Cleveland, Jr. and 2 children, 2522 13th Ave.; Mr. and Mrs. Van Scheckadanz and 6 children, 2600 8th Ave., and Capt. and Mrs. James Cook, and three children, east of Canyon.

## SCD News

Water as one of our most abundant resources is also one of our most wasted. About 72% of the average rainfall returns to the atmosphere as water vapor. Another 28% travels toward the sea as seepage and runoff including the rampaging floods we read about.

Of this tremendous volume of water traveling to the sea we use only a scant 3/4 of an inch of the average 30. Yet we are beset with serious water shortages throughout the state and nation.

The possibilities of increasing our management and control of water supplies are great, although not always an easy task. The recovery of only a fraction of an inch more would make a tremendous difference.

Three factors gravity, time, and distance are involved. Gravity is the free transportation force for water, but uncontrol-

led it hurts rather than helps by giving us the too rapid runoff of silt laden water. This silt pollutes and ruins water storage and control facilities which we have in use. In many areas gravity must be overcome in transporting water by man made pumping and delivery systems.

Distance must be considered for rain is no more evenly distributed as to distance than it is as to time.

In point of time we want to store it in wet months for use in dry ones. By not storing it we are wasting it. The grass-roots principle is our beginning. We must have sufficient land cover to trap and hold the water and to form a vast living sponge. This more than any other instrument of nature or man arrests the flow to the sea. When it is to sparse no rearrangement of nature can make up the deficit.

Rearranging of nature by terracing, contouring, leveling land, and other farm practices has done much but much remains to be done. The small and large dams on our watersheds continues to be of great benefit also.

Projects for controlling our water resources are admittedly expensive but not nearly as

costly as limiting our national growth by having thirsty lands, insufficient water for industrial development and losses due to mis-managed water in municipal areas.

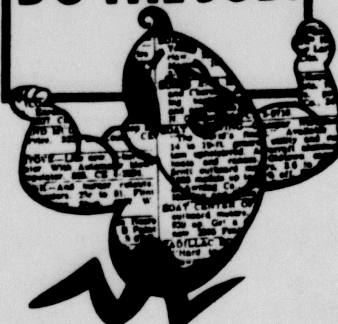

It is the responsibility of every user of water to help in conserving it. The Randall-Potter Soil Conservation district will be glad to aid you in this work.

Mr. and Mrs. Ed Cranmer and sons are visiting in New Mexico. They left Canyon Sunday.

## Square Dancers Meet

The Canyon Square Dance Club held its regular meeting Monday night, July 30, at the Student Union Building on the West Texas State campus. In addition to the thirty-two members present, guests included Pauline and Joe Wolfe, Amarillo, Sue and Floyd Messenger, Betty and Roy Williams, all of Hereford, Claudine Peck-enbaugh, Virginia Rossiter, Ray Reynolds, Canyon, and Mr. and Mrs. Gus Davis of Los Angeles, Calif.

## Wet, But Fun Riders Say

"It was fun. A little wet but we all enjoyed it," said Bud Parker, one of the Randall County Sheriff's Posse members who rode to Hereford last weekend on horseback.

Forty-two members of the Posse and Junior Deputies left Canyon Friday afternoon and rode to a campsite west of

Dawn for the night. Most of the group had made plans to spend the night at the campsite but due to the heavy rains that began to fall around 8 p.m. many of them returned to Canyon to spend the night. Saturday morning they rode on to Hereford for the parade and the rodeo Grand Entry held that evening.

Little Toby Peak, center, of Amarillo had a day of new sights as he joined members of the Randall County Sheriff's Posse and the Junior Deputies on their horseback ride to Hereford Friday and Saturday. Gene Johnson, left, was driver of the chuckwagon and his two children, Elaine and Ricky rode in the wagon also. The group left Canyon Friday, camped out at Dawn and rode in the Hereford Rodeo Parade Saturday.

The Old West came to life last weekend as the Randall County Sheriff's Posse and the Junior Deputies journeyed to Hereford on horseback. Ricky Johnson, left, Elaine Johnson, Janice Allen and Gene Johnson, all in the chuck wagon, were among the 42 members who left Canyon at 2 p.m. Friday afternoon and camped at Dawn for the night. Saturday morning they rode on to Hereford to participate in the Hereford Parade and Rodeo that evening.

**FOR A TREAT YOU ARE SURE TO ENJOY TRY OUR HICKORY SMOKED BAR-B-QUE CAMPUS BAR-B-QUE**  
2113 1st OL5-2786

Ummm... good. That's the highest compliment to be paid to the barbeque sandwiches eaten at the Campus Barbeque at 2111 1st Ave.  
Ray and Jean Spencer took over management of the Barbeque June 22, and in the process of revising the old system of operating the business they have come up with an expert way of preparing the barbeque meat. This preparation gives the customer complete food enjoyment.  
One of their customers stated, "They serve very delicious barbeque here."  
The meat is cooked 24 hours before it is served which results in a tender and juicy meal.  
Ray and Jean have two daughters, Denise, 9, and Belinda, 8. They moved to Canyon from Marine City, Michigan where they operated a restaurant for nearly five years.  
Experience is the key to the Spencer's success...and good eating is the key to the Campus Barbeque's success.  
If you are shopping for a good place to eat, a place is quick and handy to reach, drive by 2111 1st Ave. and treat yourself to an excellent barbeque meal.

## Barbers Hit 14-4 Victory

In men's softball league play last week Wagner Shamrock rolled to a 17-5 victory over Taylor and Sons.

In the Thursday night game Charlie Wagner hit two home runs and a single to help the Wagner team win their second straight game of the season.

Taylor and Sons had 5 runs on 8 hits with 5 errors while Wagners had 17 runs on 16 hits and 4 errors.

# NEW COMFORT NEW 50-GAL. FUEL TANK NEW CASE 930 "COMFORT KING"

You know the 6-plow Case 930 tractor for its championship fuel economy... record low maintenance... brute lugging power. Now meet a new and still greater 930... the Case 930 Comfort King.  
On the Comfort King's big, roomy, uncluttered platform, you're high above the dust and heat zone... with "control tower" visibility that gives you a new feeling of tractor command.

A new foam-cushion seat, located ahead of the rear axle, gives you a smoother ride. Whether you're short or tall, lean or beefy, the seat adjusts to you—with all controls in easy reach. When you want to stand, the seat flips up and back, well clear of your legs.

The Comfort King has a new 50-gallon fuel tank too... rear-mounted to improve both visibility and traction. When can we bring out a Case 930 Comfort King for a demonstration?

**15 HOURS\* WITHOUT REFUELING**  
No time-wasting trips with the truck to refuel this tractor. Diesel fuel tank holds 50 gallons... LP-gas tank holds 48 gallons (actual fill).  
\*Diesel—under average conditions.

# Granny Lewis Looking For More Paths At 90

By MARGO WILLIAMS  
"There have been hardships, but it has been a good life." This is a summary used by Mrs. W. H. Lewis in telling of her 90 years of work, tears, enjoyment and her personal fulfillment.

Granny Lewis, as her neighbors call her, will celebrate her 91st birthday December 18, and the alert Canyon pioneer recalls many experiences unique to the West Texas settlers. "An education was a rare thing in those days and Dad and myself barely did get out of high school. We wanted the children to have something people couldn't take away from them," she commented.

She went on to explain that she taught the children a little reading and writing when they were young but she didn't feel it was adequate.

"My oldest child was 10 years old when five families in the area decided to hire a school teacher to teach them," she said.

The families built a school house and were prepared to rotate the girl from family to family each year.

"After the first year the state began to give us some help so we didn't have to finance the whole system," Granny commented.

In 1911 Mr. and Mrs. Lewis and their seven children moved to Canyon from a farm near Abernathy.

"We came to Canyon because the college was here and the children needed an education," explained Granny.

"We bought a farm here and began to cultivate it," she explained.

"The children were in school so most of the farm work fell on Dad and me," she continued.

"I was a house wife, I drove the tractor, pushed the go-devils, herded cattle, and made the crop for five years when my husband was sick," she recalled.

"But it has been a good life for all of us," Granny added.

"When we moved here there was a courthouse, a couple of groceries, a church and a post office. It has really grown."

Canyon is going to be a big town if it keeps growing, and it is going to be the friendliest big town I know of," Granny noted.

Mr. Lewis died in 1930, two

years after they had built their home at 2522 6th Ave.

"The children had gone, so for company I began keeping girls who were going to college," she said.

Mrs. Lewis kept girls in her home until recent years. Since that time she has diverted her attentions to her backyard garden.

"I grow all sorts of flowers and plants in my garden. I used to do all my own mowing, but recently I stopped doing that,"

## Mrs. Findley Lauded For Crusade

Mrs. Nell Findley, Chairman of the 1962 Cancer Crusade for Randall County has received commendations from the state Chairman, Dr. G.V. Brindley, Sr., for the outstanding success of the educational and fund-raising campaign here this year.

Randall County is one of eighty-three leading counties in the state which have accomplished the special goal of the 1962 Crusade in "Bettered Their Best." The best previous year for the Randall County Crusade was 1961 when the total raised was \$2,304.57. This year the total has already reached \$2,392.80.

Dr. Brindley's letter pointed out that Mrs. Findley and all who helped with the Crusade here furnished inspiration to the entire state Crusade. "As a state," he said, "we could not have 'Bettered Our Best' except with the leadership of counties like yours which adopted and accomplished this goal."

### George Albers Feted

Friends and neighbors were guests at a dinner honoring George Albers on the occasion of his sixty-fifth birthday on Wednesday, July 25.

Those present were Mr. and Mrs. Edward Otting of Cedarburg, Wisconsin; Mr. and Mrs. Adolph Kampen, Edward and Richard of Amarillo; Rev. Szegedin of Tulsa; Mr. and Mrs. T.L. Knox and Roxie, and Mr. and Mrs. Bill Schuette, David and Marilyn, of Canyon.

MRS. W. H. LEWIS

she said with a smile.

Granny answered quickly when asked about her family.

"My six living children live in Albuquerque, New Mexico, with their families. I don't know how many grandchildren I have, but I have 29 great-grandchildren and 3 great-great-grandchildren."

When asked about her daily routine, Granny commented, "I get up every morning at 5 a.m. and read or play solitaire until it is light enough to work in the yard or mess around in the kitchen."

"I always told my family when I turned 90 I wanted to make a dress. Since Christmas I have made three dresses and plan to keep on sewing," she remarked.

Independence is the word to describe Granny Lewis. Living most of the year by herself she does her own cooking, sewing, and most of her yard work.

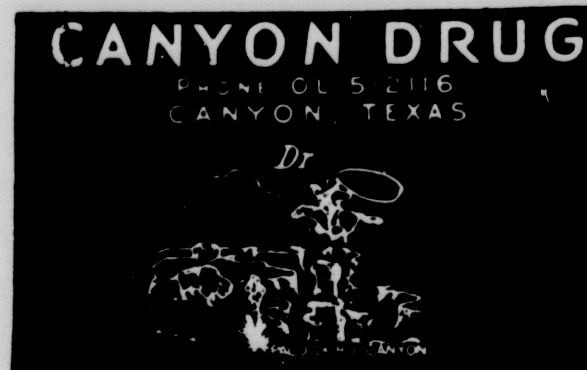

"My children want me to live with them, but I just couldn't

leave my home," she said.

"It may crumble on my head, but I want to be in it when it does," she added.

Granny has already had a full rich life, and she is expecting several more years of it.

"I never dreamed I'd live to be 90 years old, but I'm mighty glad I have," she said. "Life holds many paths which a person can follow, and there are still some paths I want to take," Granny concluded.

## Nine Scouts Campout For Three Weeks

Nine Explorer Scouts and a sponsor left Canyon early Wednesday morning for 23 days of camping experiences in north-west United States and southern Canada.

Bill Downing, scout leader, said the trip would include two or three days in Seattle, Washington, for the World's Fair, Spokane, Washington, and on to Alberta, Canada, for a week. The boys will fish and camp out each night while they are gone. They will also cook their own meals each day.

Their return trips will include traveling through Glacier National Park and through Yellowstone National Park.

Boys who left on the trip were Sam Brillhart, Jimmy Newton, Jim Callarman, Richmond Graham, Tommy Hildreth, Bill Scribbling, Scott Holcomb, Leonard Henderson and Steven Downing.

All the boys are members of Explorer Scout Post 31.

## County Agent's Column

Wheat producers are now talking about wheat seed for fall seeding. After the near-miss on the 1962 wheat crop, some producers will be trying new varieties.

I have received a list of the 1962 certified seed growers in Texas. This list includes producers of certified seed of barley, oats, rye and wheat. It gives the name and address of the producers and the number of acres grown for certification. Certified seed assures the grower pure strains of seed from inspected fields. If you are in the market for new seed come by and take a look at this grower list.

Farm and ranch operators who hire agricultural workers must deposit Social Security tax funds, when such tax amounts to \$100. The employer-employee tax rate in 1962 is 6 1/4 percent. Half of this amount is deducted from wages paid farm employees.

When a farm employer has

paid out \$1,600 in eligible wages, he should deposit the tax due in any commercial bank qualified as a depository for federal taxes. The bank in turn will send the tax to the Federal Reserve Bank in Dallas.

Several new publications have been added to the stock in my office this week. They may be had for the asking. Here are the names of a few of them: B-252 "A Milking Procedure for the Dairy Herd"; B-795 "Dairy Digest"; B-792 "Creep Feeding Beef Calves"; B-956 "Your Cow and Calf Business"; B-885 "Oats In Texas"; B-902 "Spot Oiling Johnson Grass"; B-129 "Fattening Lambs"; B-81 "Buildings and Equipment for Swine"; and leaflets on Roses, Gladiolas, African Violets, Chrysanthemums, and grapes.

The latest word from the directors of the Southwestern Screwworm eradication program is that sterile flies will not be released this summer outside the overwintering areas of Texas. This area roughly covers the area from Port Arthur to Comanche back to the Rio Grande River near Uvalde. Outside this area low winter temperatures will be depended upon to eradicate the worms. Several cases have been found in Randall County this month.

Mrs. J.C. Dowd left Wednesday afternoon for a two week's vacation in Los Angeles, Calif., and surrounding areas. She will accompany three of her nieces, Mr. L.J. Vick, Miss Viola Ballard, and Mrs. W.R. Ballard of Amarillo.

Visiting with Mrs. Marie Stipe for two weeks is her grandson, David Allen White. David is 12 years old and is from Las Alamos, New Mexico.

## Canyon Boy To Play In Greenbelt Bowl Game

An all-district tackle from Canyon will be playing in the Greenbelt Bowl at Childress Saturday night.

He is Jess Sheets who did a creditable job in the Eagle forward wall last season. Jess will be in the lineup for the West when the high school all-stars take the field Saturday night. Jess was graduated from high school here last spring. He has announced plans to attend Cisco Junior College.

"Jess was a fine lineman," commented Canyon High School Coach Jeep Webb. "He should show continued improvement."

## The Norman Roberts Return To Canyon

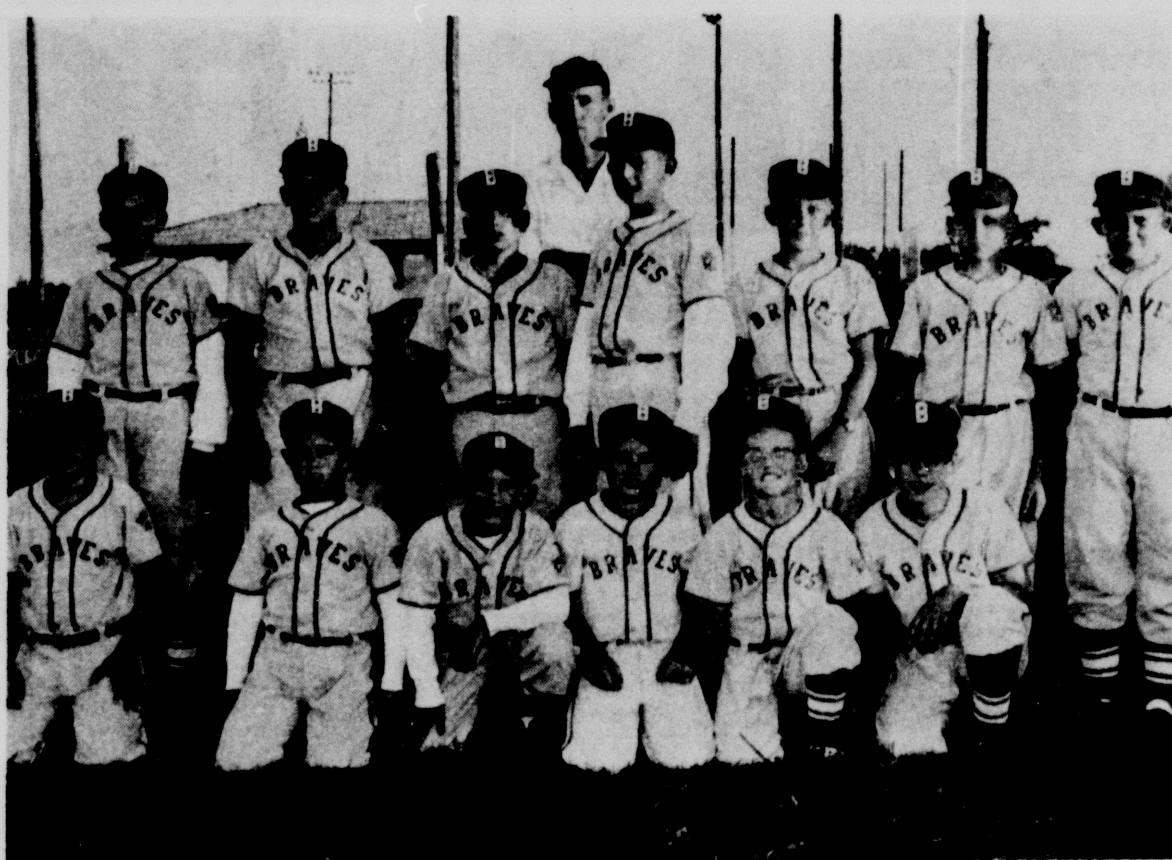

Mr. and Mrs. Norman Roberts returned from a 10 day trip that included a visit to their daughter, Norma Winningham, in Roswell, New Mexico. Returning home they visited in Santa Fe, and Truth or Consequences, New Mexico and with a cousin, Mr. and Mrs. Elmer Connelley, in Las Cruces before returning to Canyon.

Mr. and Mrs. Edward Otting of Cedarburg, Wisconsin, have been guests in the George Albers home for the past two weeks.

## Boys Attend Scout Camp

Five Canyon boys attended Scout Aquatic Camp at Lake Marvin near Canadian last week.

They include Steve Downing, Mike Bellah, Ronnie Wooten, Mike McBroom and Jack Swartzell.

The boys, who are members of Troop 66, worked on merit badge achievements in swimming, life saving canoeing and rowing.

This week Johnny Warren, Andy Sherrod and Kenneth Hammonds are attending the camp.

Mr. and Mrs. Doyle Payne and three children, Delores, Lana, and Stephen, of Denver, Colo., and Mr. and Mrs. William Payne of Clarendon, visited in the W.R. Franklin home last Wednesday.

By Jamie Martin

AROUND THE TOWN

(With Kids)

Roger Gist is helping his father this summer by running the tractor and by driving the truck for him. He has been to scout camp and, if he is like me he liked it very much. He has also been playing Little League baseball throughout the season.

Danny Briggs has been to Wellington for about one and a half weeks. He has also gone to R.A. camp this summer. He helps his father at the college bookstore. His father is the coach of the Little League Braves and Danny has been playing baseball throughout the season.

Kent Flynn has been playing baseball this summer and has been swimming some. He has also been taking care of their cats.

Fob, Kent, and Stan Barnard went on a vacation to Colorado Springs last week. They went sightseeing, swimming, and they went to a chuckwagon supper.

Friday Stephen Rhodes and I went to the college Science Building for a visit.

We saw a man putting together a prehistoric elephant.

We also saw a man hunting for tiny fossils. He showed us an acid that, when mixed with water it formed the acid that made lemons sour, but it can eat rocks!

Then we went to a room where a boy was cleaning roof fillings. When we went in he showed us around and told us that he sent rocks all over the Panhandle. He also gave us three rocks.

Kim and David Butler are visiting their grandparents down in Clyde this summer.

Chris Moreland got bitten by a wild sparrow last Friday. The sparrow had fallen into some water and Chris was trying to get him out and dry him off and he bit him.
